

KEIGHLEY TOWN COUNCIL

Mr. Joe Cooney
Town Clerk to the Town Council
25 August 2022

Email: townclerk@keighley.gov.uk

YOU ARE HEREBY SUMMONED TO ATTEND a meeting of the **Watch & Transport Committee** which will be held at Keighley Town Council, Civic Centre, North Street, Keighley, BD21 3RZ on **Monday 5 September 2022 at 6pm.**

Mr. Joe Cooney
Town Clerk

COMMITTEE MEMBERSHIP

Cllr P. Cook - Chair	Cllr P. Corkindale
Cllr M. Anayat - Vice Chair	Cllr M. Dowse
Cllr A. Ahmed	Cllr J. Lawless
Cllr E. Bernardini	Cllr L. Maunsell – Ex-officio
Cllr J. Akhtar	

*Committee Terms of Reference are contained within the Scheme of Delegation.

ADJOURNMENT FOR PUBLIC PARTICIPATION

Notice is given that at a time agreed by the meeting, 15 minutes may be set aside for members of the public to make representation on the business of the agenda for the meeting:

- Members of the public wishing to speak are to have given three working days' notice to the Town Clerk; this may be waived at the Chairman's discretion.
- Any member of the public shall not speak for more than five minutes.
- In the event of more than three members of the public wishing to address the Council then priority will be determined by the Chairman, based on subject matter.
- A question asked by a member of the public during Public Participation shall not require a response or debate during the meeting though the Chairman may direct that a written response will be provided after the meeting.

Recording at Council Meetings is allowed at Council, committee and sub-committee meetings which are open to the public, subject to:- (i) the recording being conducted with the full knowledge of the Chairman of the meeting; and (ii) compliance with the Town Council's Recording of Meetings Policy. Anyone wishing to record must contact the Town Clerk prior to the start of the meeting. Any recording must be conducted openly and not in secret.

AGENDA

1. Welcome from Chairman

Members are reminded to consult the Standing Orders regarding conduct at meetings. Member's attention is particularly drawn to Standing Order 1.

2. Apologies for absence

Members are asked to receive apologies of absence for this meeting.

3. Declarations of Interest

To receive declarations of interest under consideration on this agenda in accordance with the Localism Act 2011 s32 and the relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012.

Members are reminded that should you declare a pecuniary interest at a meeting, it is your responsibility to inform the Monitoring Officer.

- i) Declarations of Interest from Members
- ii) Declarations of Interest from Officers

4. Public Question Time and Participation

Members of the public are advised that they are welcome to ask questions about items on the Agenda. It is not always possible to give a verbal response at the meeting and questions may receive a written reply. No resolution can be made under this item.

Questions should relate to matters of Town Council policy or practice and not relate to the individual affairs of either the questioner or any other named person.

5. Minutes – For Decision

Members are asked to approve the minutes of the meeting of the Watch & Transport Committee held on Monday 6 June 2022.

Copy attached

6. Police/Crime Report – For Noting

To receive an update on Policing issues across Keighley.

7. Bradford Council Highways Report – For Noting

To receive an update on highways issues across Keighley.

8. Speeding at Fell Lane & Westburn – For Discussion

Item added to the Agenda by Members.

9. Speeding Action Plan – For Decision

To consider the attached report and update on the Speeding Action Plan.

Copy attached

10. Progress Report – For Noting

To receive the progress report following the last meeting held Monday 6 June 2022.

Copy attached

11. Budget Report – For Noting

To receive a report from the RFO on the Committee budget for Financial year 2022/23.

Copy attached

12. CCTV – For Decision

To consider the attached report on CCTV provision.

Copy attached

13. Grit Bins – For Decision

To consider a report on the Council's grit bin provision.

Copy attached

14. Boundary Signs – For Decision

To consider a report on the maintenance of the Council's boundary signs.

Copy attached

15. Town Plan – For Decision

To consider a report and receive a progress update on the Town Plan.

Copy attached

16. Future Items – For Decision

Councillors are asked to suggest any agenda items for future meetings.

17. Date of next meeting

The date of the next meeting of this committee will be held on Monday 7 November 2022 at 6.00pm.

OFFICER SUPPORT TO THE MEETING

Officers scheduled to attend: Pip Gibson, Assistant Town Clerk

APOLOGIES

Contact the office during normal opening hours (01535) 872126
Email: sarah.kissack@keighley.gov.uk

Late apologies should be made by phone to the senior officer
scheduled to attend.

KEIGHLEY TOWN COUNCIL

Minutes of the Watch & Transport (WT) Committee held on Monday 6 June 2022.

Present: Councillor P Cook
Councillor M Anayat
Councillor Ahmed
Councillor Dowse
Councillor Bernardini
Councillor Corkindale
Councillor Maunsell – Ex Officio

Also Present: Pip Gibson, Assistant Town Clerk
Brian Morris, Contracts and IT Officer
Insp. John Barker
Simon D'Vali, Principal Engineer, BMDC

001/2022 (WT) Election Chairman

Cllr P Cook was proposed by Cllr Dowse and Seconded by Cllr Corkindale.

Cllr M Anayat was proposed by Cllr Bernardini and Seconded by Cllr Ahmed.

Cllr Cook received 4 votes
Cllr Anayat received 3 votes

RESOLVED that Cllr Cook be elected Chairman for the Municipal year 2022/23.

002/2022 (WT) Election Vice Chairman

Cllr A Ahmed was proposed by Cllr Anayat and Seconded by Cllr Bernardini.

Cllr M Anayat was proposed by Cllr Cook and Seconded by Cllr Dowse.

Cllr Ahmed received 2 votes
Cllr Anayat received 5 votes

RESOLVED that Cllr Anayat be elected Vice Chairman for the Municipal year 2022/23.

003/2022 (WT) Apologies for absence

Members received apologies of absence for this meeting from Cllrs **Lawless** and **Akhtar**.

004/2022 (WT) Declarations of Interest

RESOLVED there were no declarations of interest under consideration on this agenda in accordance with the Localism Act 2011 s32 and the relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012 from either Members or Officers.

005/2022 (WT) Public Question Time

Members of the public asked questions about an item on the Agenda, speeding in the Town. The Chairman responded verbally to some questions and the Council will issue a written response where necessary.

006/2022 (WT) Minutes – For Decision

RESOLVED Members approved the minutes of the meeting of the Watch & Transport Committee held on Monday 7 March 2022.

007/2022 (WT) Police/Crime Report

Insp. John Barker gave a verbal overview of Policing issues and responses across Keighley, including speeding actions taken with specific reference to KTC data.

008/2022 (WT) Budget Update

Members received an update on the Committee budget for Financial year 2022/23.

RESOLVED Members noted the update.

RESOLVED Members asked that the budget be broken down to individual budget headings.

009/2022 (WT) CCTV

RESOLVED Members noted the update on the Long Lee CCTV camera.

RESOLVED Members noted the update on the Mobile CCTV Scheme.

RESOLVED Members note the amount of funding earmarked for a new camera for Devonshire Park.

RESOLVED Members deferred the decision to allocate £6,000 funding for the maintenance of all CCTV cameras in 22/23 to the next meeting.

010/2022 (WT) Speeding Action Plan

Members agreed to move item 10, Speeding Action Plan, forward.

RESOLVED Members noted the progress made towards the Speeding Action Plan.

RESOLVED That the timescale for completion to increase the number of SIDs be amended to December 2022.

RESOLVED Members gave delegated authority for the Assistant Town Clerk to work in partnership with Bradford Road Safety team to develop a road safety campaign.

011/2022 (WT) Grit Bin

RESOLVED Members noted that the amendments to the Grit Bin Policy and Application Form were approved at Full Council.

RESOLVED Members chose to adopt the two grit bins at Enfield Street/ Belgrave Road and Devonshire Street by the old phone box, if they are in good order.

RESOLVED Members asked that the grit bin be moved from Woodville Road to the bottom of View Road.

RESOLVED Members asked that a new grit bin be placed at Belgrave Road by the park gates if it meets with the criteria of the Grit Bin Policy.

012/2022 (WT) Town Plan Update

Members noted the progress made on the Town Plan.

013/2022 (WT) Future Items

- Grit Bins
- Speeding at Fell Lane & Westburn
- BMDC Highways Report as a standard item on the agenda items for future meetings.

014/2022 (WT) Date of Next Meeting

RESOLVED The date of the next meeting of this committee will be held on Monday 5 September 2022.

Signed
Chair

KEIGHLEY TOWN COUNCIL

Item 9

REPORT TO WATCH & TRANSPORT COMMITTEE

REPORT AUTHOR	Assistant Town Clerk/CDO Pip Gibson
EMAIL	pip.gibson@keighley.gov.uk
Date	Monday 5 September 2022

SUBJECT	Speeding Action Plan
----------------	-----------------------------

PURPOSE:

1. To update members on the progress made towards the Speeding Action Plan.

RECOMMENDATION(s):

2. Members note the progress made.
3. Members give delegated authority to the Assistant Town Clerk to spend up to £2,000 on the anti-speeding campaign.
4. Members choose 3 Councillors from amongst their number to judge the School Competition.

REASONS FOR RECOMMENDATION:

5. The Action Plan sets out how Keighley Town Council can contribute towards a reduction in the number of speeding vehicles across Keighley, whilst recognising the plan cannot be delivered without the support and co-operation of partner organisations.

SUMMARY OF KEY POINTS:

6. The Speeding Action Plan, Appendix A, sets out what the Town Council would like to achieve, and which partners will be needed to deliver against the action.

Speeding Hotspots

7. The online Speeding Questionnaire has been promoted again on social media, 8 July 2022. This information has been passed to partners Bradford Council and Police. See Appendix B.

Multi- Agency Approach

8. A new partner, West Yorkshire Fire & Rescue Service, will support the Council in its endeavor to tackle speeding. See Anti-Speeding Campaign.

Operation Steerside

9. A service level agreement is now in place, 1st July 2022 – 31st March 2023 for which Town Council have funded the initiative £10,000.
10. Activity will incorporate 43 additional dedicated deployments, matched by the Police.
11. Data from the online Speeding Questionnaire will be reviewed and incorporated where roads are suitable for deployment. The questionnaire already feeds into the Problem Solving Occurrence For Speeding which grades the top 20 roads in Keighley District based on those complaints raised against threat/harm/risk etc.
12. Updates, including work undertaken and results, will be reported back to the Council on a regular basis.

Speedwatch Groups

13. Partners have informed the Council that there aren't any formal speedwatch groups within the Keighley Parish area.
14. The Council cannot establish new groups without the support of its partners.

Speed Indication Devices

15. The SID at Fell Lane was seen to be working on August 12th 2022. No communication has been received regarding the training of Councillors to carry out the task of changing its batteries in the absence of engineers from Bradford Council.
16. The Council awaits a Service Level Agreement.
17. The Council cannot move forward with any new purchases until the Fell Lane SID is secured.

Anti-speeding Campaign

18. All 19 Primary Schools in the Parish have been contacted with the offer of entering the anti-speeding competition. To date, 8 Schools have signed up.
19. The competition will launch in the Autumn Term 2022. Each School will lead on their own competition, choosing which class/es will take part.
20. The winning design for each School will be decided by Members of the Watch & Transport Committee.

21. The winning design will be printed onto a Correx board and placed on the railings at the School.
22. Each winner, one child per School, will receive a prize.
23. Sponsorship for the boards has been secured from Sign & Design. Each board will be discounted from the usual cost of £16.00 each to a reduced cost of £12.50 each.
24. All costs associated with this competition will be within its £2,000 budget.
25. Bradford Council Road Safety team have supported the initiative with guidance and offers of free resources. Wheely bin stickers "Slow Down, Reduce Your Speed NOW!" x 200 could be used to target specific streets where speeding is a concern.
26. As part of the anti-speeding campaign in Schools, the Council has met with West Yorkshire Fire Service to discuss activity in Secondary Schools and College. A representative will attend the next Committee meeting in November.

FINANCIAL IMPLICATIONS AND BUDGET PROVISION:

27. £8,000 from the Watch & Transport 2022/23 Budget.

TOWN PLAN IMPLICATIONS:

28. Meets the Town Plan Key Objectives: CP016, CD004, CD005, DLE017

CLIMATE CHANGE IMPLICATIONS:

29. N/A

COMMUNITY IMPACT:

30. Residents raised several concerns regarding speeding issues across Keighley. It was agreed rather than address each of these issues in isolation to consider what could be done to tackle the wider problem of speeding vehicles in Keighley.
31. Ultimately, the Town Council has no role in the policing or enforcement of speeding in Keighley, however, it can be the voice of residents in Keighley who are concerned about the number of speeding vehicles.
32. The council can also be the facilitator that brings together all the various partners who are involved in reducing speeding in Keighley.
33. The Speeding Action Plan sets out what the town council would like to achieve, and which partners will be needed to deliver against the action.

POLICY IMPLICATIONS:

34. N/A.

DETAILS OF CONSULTATION:

35. Questionnaire set up on the Council's website to collate information gathered to be used as evidence for areas of need. The data will help with decisions about what

further measures may be required – such as speed bumps, community speedwatch schemes or extra policing.

BACKGROUND PAPERS:

- 36. Appendix A Speeding Action Plan.
- 37. Appendix B Speeding Questionnaire.

FURTHER INFORMATION PLEASE CONTACT: Pip Gibson, pip.gibson@keighley.gov.uk,
01535 872126

Keighley Town Council Speeding Action Plan

This action plan sets out how Keighley Town Council can contribute towards a reduction in the number of speeding vehicles across Keighley, whilst recognising the plan cannot be delivered without the support and co-operation of partner organisations.

Action	How will it be achieved	Town Council Funding	Partners required to deliver on action	Measurable outcome	Timescale for completion
Identify Speeding hotspots	Set up questionnaire on Town Council website, social media and the Keighley News to collate information from residents. Information gathered to be used as evidence for areas of need		None	Hotspot information to inform preventative action from key partners	December 2021
Multi agency approach	The Town council aims to host a meeting of West Yorkshire Police, West Yorkshire Mayor, Bradford MDC, West Casualty Prevention partnership to develop multi agency approach to address speeding		1. West Yorkshire Police 2. West Yorkshire Metro Mayor 3. Bradford MDC 4. West Yorkshire Casualty Prevention Partnership 5. West Yorkshire Fire & Rescue	Agreed plan between all parties with detailed actions for each organisation	January 2022
Establish the number, if any, of Speed watch groups in Keighley	Keighley Town Council will work with groups of residents, schools, community groups to establish speed watch areas.	£2,000 to fund any necessary training and/or resources	1. West Yorkshire Police 2. West Yorkshire Casualty Prevention Partnership	1. New speed watch groups established 2. Regular timetable of activities for each group	November 2022
Increase number of Speed Detection Devices (SID's) in Keighley	Keighley Town Council has purchased one SID for use initially on Fell Lane before potentially being rolled out across all parts of the town.	£4,000 to purchase one additional SID and meet initial	1. Bradford MDC	1. Increased number of SID's in use. 2. SID's deployed in areas identified from	December 2022

	The Town Council will purchase additional SID's to increase presence across Keighley	annual service fees		evidence gathered from online survey. 3. Data from SID's demonstrate reduction in speeding over a period of time	
Anti-speeding campaign	Keighley Town Council will seek to create anti-speeding campaign material specifically targeted at Keighley. Working with schools to design campaign material, work with BMDC to investigate the option of children designed road signs in residential areas.	£2,000 to develop promotional campaign and targeted material	1. Bradford MDC 2. West Yorkshire Casualty Prevention Partnership 3. Primary Schools 4. Faith Organisations	1. Competition to design campaign material 2. Launch of campaign 3. New signage in residential areas	December 2022
Lobby for new speed van locations	Attempt to work in partnership with West Yorkshire Casualty Prevention Partnership to identify more residential locations where speed vans can be deployed		1. West Yorkshire Casualty Prevention Partnership 2. Bradford MDC	1. Speed vans deployed in new locations	December 2022
Operation Steerside – take positive action against anti-social driving	Keighley Town Council has provided £10,000 funding to the Police in support of action against anti-social driving	£10,000	1. West Yorkshire Police	1. Increased number of days in which dedicated Police Officers are deployed to tackle anti-social driving.	April 2023

No	Date Submitted	Name of road or specific location affected?	What is the speed limit at this location? (If you know)	Is there a particular time frame when the speeding takes place?	What would you like to see happen to reduce speeding in this location?
684	22/08/2022	Bradford road	30	Afternoon, evening and night	Speed cameras and speed bumps
683	17/08/2022	Cark road keighley		Evenings	Speed cameras
682	17/08/2022	Skipton road		Mornings and evenings	Speed camera
681	17/08/2022	Lawkholme Lane	30	Evening and night but occurs at any time of the day	Traffic car's to deter ludicrous driving
680	17/08/2022	Main Road, Eastburn B6265	30	All through the day but particularly bad in the evening and in the early hours (1-2am)	Speed cameras. There is already a speed warning board but it makes no difference. As well as excessive speed and dangerous overtaking, there are several regular vehicles with exceptionally loud backfiring exhausts that sound like gunshots. They are particularly prevalent overnight between midnight and 2 am.
679	16/08/2022	Lawkholme Lane inside the 20mph zone	20	Afternoon, evenings	police patrols
678	16/08/2022	Hard Ings Road down to Marley and along the bypass to Bingley		Late evening into the early hours. (At its worst between 11pm and 2am) most nights.	Speed cameras, police patrol,
677	16/08/2022	lawkholme	30	all day	speed cameras
676	16/08/2022	Lawkholme lane in conjunction with Victoria Avenue	20	All through the day	Speed cameraâ€¦ crossing patrol or zebra crossing for the school childrenâ€¦ this is a concern as there are also cars parked at either side of the road so you canâ€™t see the traffic coming and have to step off the pavement
675	16/08/2022	BEACHCLIFF	20	Day time	Warning sins, cameras
674	04/08/2022	Steeton to Crosshills/Kildwick Bypass both directions		Evening 8 - 10pm	Speed cameras. Motorbike noise with speeding/revving bikes is continuous. The noise some distance away is alarming.
673	04/08/2022	Queens Road, Rawling Street, Grafton Road	20	Evenings and nights	Speed bumps ASAP
672	30/07/2022	West lane, from brown car to Great Wall Chinese takeaway	30	Evenings	Speed cameras

671	26/07/2022	Halifax road to hope and anchor public house	30	All day and night	Police presence and enforcement of all drivers
670	21/07/2022	Lees Lane, Haworth	30	Mainly evenings	SID warning signs, deployment of mobile speed cameras, more severe penalties for anti-social driving.
669	17/07/2022	Main Road Eastburn	30	Evening and night time every day	Speed cameras
668	13/07/2022	Main rd, Eastburn BD20	30	Morning and evening. Especially when less traffic about	Speed cameras, patrols, lower limit?
667	12/07/2022	Main road eastburn	30	All day	Speed bumps or 20mph sign as itâ€™s next to a school
666	12/07/2022	Main road eastburn		Evening and early morning	Speed camera
665	12/07/2022	Eastburn with steeton nr hospital	20	week ends nights	cameras spot checks sound checks also is a problem should fail mot if modified so spot checks to see if insurance for modifications are valid
664	12/07/2022	Main Road, Eastburn	30	Late evening & through the night.	Speed cameras
663	12/07/2022	Skipton rd	30	Evenings/early morning	Speed camera's, stingers, police presence , stop this manic driving that is happening through steeton, this is not a race track it is an important route too Airedale hospital, sort and stop this before someone gets hurt/ killed, but as always unfortunately that seems to be the case before any action is taken.
662	12/07/2022	Main Road, Eastburn	30	Evenings, weekends	Speed Cameras
661	12/07/2022	Goose eye	30,20	Nearly every evening and through the night	I think speed bumps would easily solve the issue

660	11/07/2022	Westburn avenue keighley BD226AW	30	Evenings and weekends.i cant say through the day as im at work.	On my street i think wide and high speed bumps. Otherwise if too low they just drive over them at speed.and the small square humps they drive over them and they fit between wheels so not affective at all.and a waste of money.also a primary school near
659	11/07/2022	Drewry road	30	all day but mostly in evening	Speed cameras and 20mph. Justreducing speed makes no difference to the nutters who drive around like crazy people. And there are huge numbers of them.
658	09/07/2022	Westburn Avenue	30	Evenings	Pro active policing
657	09/07/2022	Upper Hird St	20	Anytime	Speed cameras, new signage totally ignored
656	09/07/2022	Broomhill avenue	20	No	Bigger speed bumps
655	09/07/2022	All of the roads in keighley ie north street Skipton road Bradford road fell Lane etc	30,40	Any time	Speed camera or spot checks
654	09/07/2022	Fell Lane		Evening. Anything from early evening right up to after midnight	Speed cameras, speed bumps, more police patrolling up Fell Lane in the evenings to catch them
653	08/07/2022	Green head road	20	All day and night	We need speed cameras as many people disregard the 20 mph limit. This is especially dangerous at the beginning and end of the school day. I'm the evening and into the night people are racing up the street.
652	08/07/2022	West fell road/ Westburn avenue	30	School times and evenings	20 mph and speed bumps like ingrow/broomhill areas
651	08/07/2022	Fell Lane	30	All day but worse later on, after tea time, until the early hours.	Speed bumps or speed cameras would help. You can hear cars coming up Fell Lane from Oakworth Road direction then as soon as they get round the bend, they put their foot on the accelerator and literally fly up Fell Lane towards Holme House Lane. Then then speed back down, heading back towards Oakworth Road.
650	08/07/2022	West Lane KEIGHLEY	30	Morning, afternoon, evening, late night	Mobile speed cameras and an active police presence

649	08/07/2022	Staveley road keighley	20	Evening and through the night	Heavy penalties not just a warning and why are the cars with really loud exhausts that sound like some one as been shot allowed to speed round the town and up and down staveley road all night
648	08/07/2022	Parkwood Street, Keighley	20	Mornings, evenings, weekends	Proper traffic calming measures that are full width of the road and more of them! Some sort of speed recognition camera and display. Clearer and more road signs as those by The Globe are difficult to see!
647	08/07/2022	Devonshire street, north street, cavendish street	30	7pm onwards	Cameras
646	08/07/2022	Redcliffe street at top	30	6pm onwards	For them to be caught
645	08/07/2022	Oakworth road on the section of road above the cameras.	30	Evenings and night time	Safety camera van located somewhere near Oakbank School. After doing 30 through the camera zone, cars are accelerating hard through the gears up the hill, hitting high rpm in 5/6 gear which will clearly be well over 100mph.
644	08/07/2022	Devonshire Street between junction of North Street and the split of Devonshire Street and Devonshire Street west	20	Evening and into the early hours of the morning	Speed cameras active police measures like targeted times for speed camera patrols in unmarked cars.
643	08/07/2022	Queens road	20	All day	Sid's and or speed camera
642	08/07/2022	Westburn Avenue, bd22		Evenings, weekends	Speed bumps
641	08/07/2022	Westburn avenue		Mainly evenings and weekends	Speed bumps
640	08/07/2022	Fell Lane	30	Evening (all night long)	Reduce to 20mph
639	08/07/2022	Broomhill Avenue/Upper Hird Street	20	All times but especially evenings	Speed Cameras and more police
638	08/07/2022	Braithwaite road	30	Weekends and evenings	Warning sign and speed cameras
637	08/07/2022	Braithwaite road	30	Evenings and weekends	Speed cameras
636	08/07/2022	Northdean Avenue	20	Evening and Weekends	Although there are speed bumps on both Northdean Avenue and Northdean Road,that does not deter drivers speeding!!Alot of us residents have concerns that sooner or later a child will be knocked down!!Ideally it would help tackle the speeding drivers,if speed cameras or even an island built on one half of the road,where cars have to stop and wait to let another car through.

635	08/07/2022	Lawkholme Lane, from Cavendish St to roundabout	30	Evenings after 6pm	Enforcement action by Road Policing. Most issues are caused by young drivers in cars with modifications and this has become a rat run of an evening as it's a long, straight road with no traffic calming. Not suitable for advice type actions or signs - they will be ignored.
634	08/07/2022	Wheathead Drive, Exley Head, Keighley	30	All the time	It's a residential area and as a whole needs a reduced speed limit to 20mph and signage.
633	08/07/2022	North Street, Skipton road	30	All day and night	Speed cameras, police patrols, none of these are there at any point
632	08/07/2022	Fell lane between the orchard shop and 3 horses pub	30	All day every day	Speed cameras, speed bumps
631	08/07/2022	Westburn avenue	30	All day . But especially after 8pm	Speed bumps, a 20mph change like other streets in the area that have had changes ie , grafton and lawnswood
630	08/07/2022	Arctic Street and turning right from the roundabout down North View Street, Beechcliffe	30	School finishing time, evenings	A cleaner 'no right turn' sign on Skipton Road/North View Street. Vehicle speed monitored on Arctic Street and Skipton Road please.
629	08/07/2022	Nessfield road	20	All day	Speed bumps signs mirror on the bend of nessfield road cars can't see round the corner been alot of near misses
628	08/07/2022	Bankfield drive, Braithwaite, Keighley bd22 6qh	30	All day	Speed bumps, there is a number of children playing, so something needs to be done. It's only a matter of time, before a child gets hit.
627	05/07/2022	Westburn Avenue (top end as the road opens up)	30	Evening mostly	Speed humps. Whilst these will be a total pain for residents living here, hopefully it will calm speeds down. It's only a matter of time before there is an accident or even worse a child being knocked down!!
626	03/07/2022	Wheathead drive and west burn Ave	30	All day and night	Speed bumps
625	03/07/2022	Fell Lane	30	All Day	Speed Cameras, Speed Bumps
624	02/07/2022	Westburn Avenue. BD23 6LF	30	All day and night	Speed camera. Speed humps
623	25/06/2022	West Lane, Braithwaite Road	30	All day and into the evening	Mobile speed cameras, police presence in the area and an operational, fully staffed police station in the town

622	24/06/2022	Bar Lane Riddlesden	30	Rush hour mainly evenings	Speed bumps. Since the canal bridges have been closed the traffic has been awful and people are speeding. Myself and my daughter have been knocked down nearly twice due to speeding drivers. We are kept up at night with loud car engines and music. Local councillors have not updated us as to the situation with the bridges which will slow down the traffic. People sit outside our house all day and beep horns at each other. The noise pollution is driving us insane also.
621	23/06/2022	Parson Street	20	All day, especially evening	Speed Cameras / some safety for young children. Eastwood school close by and Victoria Park. Very dangerous to even let children out of sight for a minute
620	23/06/2022	Arncliffe Road and Whin Knoll Ave		All Day	Speed Bumps to make it safer for children and the elderly
619	23/06/2022	Cherry tree rise	30	All day	Cameras
618	23/06/2022	Woodhouse Drive	30	A couple of houses with people known to the police	I would like to see the culprits reprimanded for law breaking and antisocial behaviour. . I have they race bikes up and down Woodhouse Drive and surrounding areas. They are anti social. If anyone speaks to the police they ride past making threats and calling them grasses. People have had their houses spray painted with grass. Young lads associated with a particular family have now moved into the opposite end of Woodhouse drive on Dawson Road and their behaviour is intimidating. They race motorbikes up and down and children play in the street and have to move. This has gone on for a long while now with nothing done.
617	23/06/2022	Braithwaite avenue		Mostly evening night	Speed ramps I'm surprised a child asnt been killed its the top end of Braithwaite avenue there is ramps further down
616	23/06/2022	Main Street, East Morton	20	Evenings after 8pm when the roads are quieter	Speed reducing measures throughout the village

615	08/06/2022	West Lane between the Brown cow pub up and past Newtown Close/Court, and past the chicken shop.	30	Mainly after 6pm and well into the late evening. Although we do get it through the days as well but not as fast as at night time.	Speed cameras and turning the crossing into a button operated crossing as I have lost count of the times we have been on the crossing and the cars do not slow down or even stop. It would also make it safer for children crossing for school in the morning and afternoons. Making it 20 mile an hour will not work as they are doing excessive of 50/60 and they don't care right now breaking the law.
614	02/06/2022	Ilkley road	30	Any time	20 mph limit. I wrote to Bradford Council before the pandemic about it.
613	29/05/2022	Halifax Road	40	Evening	Average speed cameras. Speed cameras exist on Halifax road, although some drivers speed between them. Also, possibly reduce the 40mph speed limit that starts at end of cross roads and ends further down Halifax road towards Keighley
612	27/05/2022	Devonshire Street, from Belgrave road all the way down to North Street		All the time, even as I'm writing this two drivers have sped	Speed cameras, police cars on patrol around the area as it's not just limited to this road, especially in the evenings and night
611	26/05/2022	Goose Cote Lane, Oakworth		Anytime day or night.	Speed bumps installed, twice a neighbour's wall has been knocked over in a matter of months, next time it could be a person.
610	23/05/2022	North Street, Skipton road	30	Sunday afternoon, evening	Mobile speed camera covert
609	22/05/2022	Devonshire Street	20	Evenings and into the night and early hours	Speed cameras police speed checks and speed indicator led boards. As well as regular police operations to catch the culprits
608	22/05/2022	Halifax road Keighley	40	All day	I think the road needs to be 30 all the way along like it used to be many years ago. Many elderly people and young children live on this road. Someone is going to be killed. I have lived here most of my adult life and now I have children of my own (youngest is 3) it's scary. The speed cameras don't seem to make any difference either. It's a really busy road, even at night. My car my partner's van and other parked cars have been hit many times from drivers getting too close and even racing on an evening.

607	21/05/2022	Woodhouse	20	All the time	Speed bumps
606	30/04/2022	Highfield lane	20	Afternoon and evening	Speed cameras fixed ideally and more speed humps, police presence and speed checks.
605	25/04/2022	Alma Terrace, Otley Road	20	All day, but particularly on evenings	Speed Camera's or Speed Bumps (similar to scheme in Burley in Wharfedale)
604	16/03/2022	West lane and the junction of north dean road near the chicken shop	30	Its more of a parking dangerously issue, as well as speeding, and its mainly on an evening.	I would like to be able to safely pull out of that junction without both sides of the road being parked on, its double yellows as well. Also, as well as this problem, the owner of uk fried chicken parks on west lane outside his shop and completely blocks the view. So you have to pull out halfway into the road to be able to see. Its getting worse and twice now i have had a near miss with my children in the car. Combine that with the parking outside Our Lady of Victories and i literally cannot safely leave my house. Its not on and on the spot fines need to be issues. I am completely fed up of this now, i barely leave my home due to the needs of my children. Sorry to whinge. Thank you xx
603	02/03/2022	Goose Cote Lane	30	All the time - this is a very dangerous road for people walking but also safe drivers too.	Speed cameras
602	02/03/2022	Braithwaite Road	30	School times, 5pm onwards into the evening	Speed humps, 20 mile per hour zone There are a increased number of parked cars on Braithwaite Road, plus four bus stops. With the added conjection it's inevitable there is going to be a major accident with vehicles speeding on weaving in and out of the parked cars and not giving way. Plus there are young children about something needs changing.
601	02/03/2022	Fell lane		Afternoon and night	Speed camera before some one is killed they speed going up fell lane the speed sigh that is up is facing traffic coming down not up totally doing nothing
600	01/03/2022	Keighley Road oxenhope onto Hebden road	30	Anytime	SID warning sign, road markings warning of Harry lane/Dark Lane junction & Manorlands entrance

599	28/02/2022	Goosecote Lane, Oakworth	30	All times	SID warning signs or speed cameras. Otherwise consider speed bumps.
598	28/02/2022	Denholme Rd	30	Evening and night.	Speed cameras.
597	28/02/2022	Hebden Road		Evenings in particular but throughout the day.	Bumps, speed cameras.. anything to curb it. Narrow road, cars parked on one side, with at least 2 bad bends. It's like a race track at times. Something needs to happen.
596	28/02/2022	Oxenhope Village	20	Constant	Police to randomly but regularly Speed check on the area that is predominantly a 20MPH area and caution those
595	28/02/2022	Moorhouse Lane Oxenhope BD22	30	Persistent any time of day or night	A enforcement presence and example made of offenders
594	27/02/2022	Hebden Road Oxenhope	40	Most of the day	SIDs. Reduction of speed limit - 30 mph from Brow Top to Oxenhope
593	27/02/2022	Hebden Road	40	No, can be any time of day.	SIDS to establish the prevalence of speeding.
592	27/02/2022	Hebden Road Oxenhope	30	Most of the day	SID 30 mile speed limit from brow top to Oxenhope
591	27/02/2022	Hebden Road, Keighley Road, Oxenhope	40	All the times and days	Speed bumps and speed cameras along this long stretch of road.
590	26/02/2022	Qestburn ave	20	Evenings	Speed cameras
589	26/02/2022	Ashbourne Road/Queens Road. Ingrow	20	Most of the day newly introduced 20mph. and speed humps are ignored, but particularly very late evening when the 'vampires' come out testing their turbos to excess! Often times one can hear their clarion call before arrival!	Covert surveillance, unmarked police cars with speed camera (in vehicle) recording, leading to prosecution might be effective. Dash cam footage submitted by public/ traffic officers during off/on duty motoring in own vehicles? Have seen other countrywide police forces publish their successful prosecutions on YouTube, so why can't this not lead to an effective campaign locally? Ultimately, a properly funded police force, a full compliment of officers and the effective use of technology available, might just send out a clear message to those who believe rules are for others!
588	26/02/2022	Green Head Lane	20	Evenings /weekends	Speed cameras
587	25/02/2022	Wheathead drive	30	All day	Speed bumps ! Someone is going to get killed soon

586	24/02/2022	Blackhill Lane above Shann Lane	30	any time but esp evenings and weekends	Speed cameras, possibly narrowing. Dont have much faith in speed limit signs and SIDS byt moving them further up the road, toward the Tarn might help. Have serious concerns for pedestrians, particularly those with children/ prams, and dog walkers forced at times to walk in the road. Horse riders also experience problems on occasion. Speeding occurs in both directions making it hazardous to get off drives
585	24/02/2022	Coronation mount	30	All day	Speed bumps cameras
584	24/02/2022	Skipton Road (Between Utley Cemetary and roundabout below Cliff Castle- both ways)	30	Evenings from around 3pm	Speed camera, speed bumps, mobile cameras. It sounds like we live next to Silverstone, the speed at which people accelerate off. Loud cars and wheels screeching. I'm scared to walk along side the road with my family. I got over taken by an old X5 at high speed as I was turning into Artic street! There's a school there for goodness sake. Even the buses come down that road at speed! Not good enough
583	24/02/2022	Goose Eye Brow		Regularly	Speed cameras, bumps.
582	23/02/2022	West Lane	30	All day	Speed cameras
581	23/02/2022	Mannville Road, Grafton Road, Lund Park perimeter	20	Friday afternoon and evening	Speed bumps traffic calming out side Lund Park entrances
580	23/02/2022	Between Shann Lane and Redcar Tarn	30	Throughout the week, particularly night times and weekends.	Our house is situated at the point where the limit changes from 30 MPH to 60 MPH. Â Vehicles are regularly moving in excess of the upper limit by the time they are at Raynham Crescent proceeding towards the Tarn and when coming from the Tarn down the hill they are hitting the bend at Shann Lane at excessive speeds. Getting on and off our drive way can be quite hazardous, we would like SPEED CAMERAS erecting and CHICANE /PINCH POINTS installing. We do not feel that speed bumps would be an ineffective deterrent, having spoken with several local residents the notoriously undulating Tarn Lane is used has a Drag Strip at nights, evidence can bee seen on the road surface that damage to the underside of vehicles is not a consideration.

579	23/02/2022	Harewood Road	30	Can be any time of the day or night	Any measures at all would be a start. The drug dealers who drive either stolen cars or fake number plates need to be stopped too.
578	23/02/2022	Greenhead lane	20	All day	Speed cameras
577	23/02/2022	Birchwood Rd Utley keighley	30	All times going to Utley golf club	20 mile limit Speed bumps
576	23/02/2022	Malsis Road	30	All day and night	Speed cameras, harsh speed bumps
575	23/02/2022	Greenhead Lane	20	No, this can be anytime or anyday of the week although tends to be outside 'working' hours....though you do get speeding work vans.	Actual enforcement of the speed limit! It has been made 20 miles per hour due to the older residents and the school however it is never enforced. Random mobile patrols, with speed guns and fixed penalty notices are what is needed.
574	23/02/2022	between Hebble Row and Providence Lane , Oakworth	30	Evenings between 6pm and 10pm	Ideally speed camera or some other form of speed reduction device. There is a 30mph flashing sign at the Oakworth end of Providence lane but has no effect. Speeding is done in both directions and can be well in excess of 30mph (more like 50-60)
573	23/02/2022	Main Road through East Morton	20	All day but mainly evenings	Speed cameras and traffic calming measures
572	23/02/2022	Main Road, East Morton	20	All day but more so at night when speeds are 3 or 4 times the limit.	There are already SID and warning notices along the stretch of road but they have zero affect. Speed cameras, whether mobile or fixed, in conjunction with other traffic calming measures are required.
571	23/02/2022	Bolton Road, silsden	30	Evenings	Speed cameras, police? Worst are lorries and busses coming down the hill. I can follow at 30 and they pull away from me! Imagine if they hit some one!
570	23/02/2022	west lane/shann lane /blackhill lane	30	mostly evening and weekends	speed cameras

569	23/02/2022	Hainworth wood road north	20	Peak hours are worst, but it is terrifying most times	The speed bumps are totally inadequate, but this is not surprising because this section of road is a de facto relief road which starts at the junction of Halifax road and wood house road and ends at the Marley round about,vi Park wood Street. The Keighley council will deny this of course. Recently I saw a police officer standing on the road at a particularly dangerous place, and, according to media reports ,16 speeding offences took place within 15 minutes,but I am sure this information will be ignored because the Keighley council want there pound shop relief road .
568	23/02/2022	West lane	30	Evening morning	I would like a permanent camera fixed in two particular places in west lane keighley It is the only part of the town centre were for years hooligans drug dealers speeding cars lorries busses and the rest get away with it particularly from the start of the lane and from the car wash on the other side the cars etc coming down the lane ..loonacy is the word ..no traffic calming no speed bumps no traffic lights..
567	23/02/2022	hainworth road keighley	30	all the time used as a short cut	
566	23/02/2022	Bradford road Riddlesden	40	Evening	Speed cameras
565	23/02/2022	Bradford Road /Aire Valley Trunk Road		Early hours	Speed cameras
564	23/02/2022	Skipton Road at crossing near Greenhead Road	30	Mornings and late night	SID, road hump like the one reducing speed on Silsden Main Street
563	23/02/2022	Whin Knoll Ave	30	All day	Speed bumps
562	22/02/2022	Marley bypass starting from the roundabout near the gas works		Afternoons	How about a copper showing up now and then when the Asians are racing there high end sports cars that can be heard for miles!
561	22/02/2022	Parkwood street	30	Evening/night	Speed cameras

560	22/02/2022	Keighley Road, Oxenhope. Between Manorlands and mini island at end of Station road.	20	All day everyday	We desperately need Speed bumps from manor lands to mini roundabout at end of station road. Increased 20 pmh signage at mini roundabout as you exit Oxenhope. A 30pmh section from sewage works, to manorlands, to slow down traffic before current 20mph section. Currently 40mph straight into 20 mph . A speed camera sign at either end of section and a speed camera van to be used sporadically opposite manorlands.
559	22/02/2022	Lane Ends Oakworth	30	All day	Speed camera Speed humps Traffic lights
558	22/02/2022	West Lane after Coronation Mount	30	Typically after 11pm	Speed cameras
557	22/02/2022	Hebden Road, Cross Roads to Oxenhope	30	All the time but evenings are the worst	Speed bumps in residential, cameras on open road toward Oxenhope
556	22/02/2022	Parkwood street	20	Afternoon, evening and night	Speed cameras as currently there is no consequence for any speeding
555	22/02/2022	Fell Lane, Keighley	30	Evening	Speed cameras
554	22/02/2022	Laycock Lane	20	Any time and late at night	Speed cameras
553	22/02/2022	glen lee lane	20	all day	speed cameras
552	22/02/2022	Bradford road, Riddlesden and bypass to crossflatts	30	Evening, early hours	More police presence
551	22/02/2022	.	40	.	No road should or needs a maximum vehicle limit
550	22/02/2022	Oakworth road	30	All the time but worse in an evening	Speed cameras, because what there is there now isnt working. I fear for my life when taking my dog for a walk.
549	22/02/2022	Arctic Street, Spring Gardens Lane, Alice Street and adjoining roads	30	Evenings and weekends in particular.	Hard speed ramps, like those in Victoria Park.
548	22/02/2022	Skipton Road and North Street	30	Evenings and nights	Speed cameras, possibly road bumps to encourage drivers to slow down
547	22/02/2022	Skipton Road Utley	40	Evening	Camerad
546	22/02/2022	Skipton Road, near Utley rugby club	40	Evening, overnight	Speed cameras, police patrols

545	22/02/2022	Vale Mill Lane BD22 0EF down the hill next to terrace with even numbers.	30	Particularly bad at peak times. Also around 10pm till 11pm young drivers race up and down. Same culprits all the time.	Speed camera and traffic calming. Possible reduction to 20mph. No current signage drivers do not realise it's 30 being a country lane with street lamps. Various times when walking dogs my wife has had cars driving straight for her and swerved at the last minute. A fatal accident is waiting to happen here
544	22/02/2022	Very top of Spring Gardens Lane. from the end of the school grounds to the mini roundabout at the top of greenhead Lane.	30	Various times throughout the day. Noticed more in the evenings but that's when we are home more.	Warning signs, Speed cameras, bumps. Anything that might help would be appreciated.
543	22/02/2022	West lane	30	Evenings and weekends	Speed cameras or a targeted police approach. Especially now there are the gardens near the tarn. The parking is dangerous when there is a burial taking place. Surprising when they have such a big car park. With the racing that takes place from Shann lane end to the tarn and no pathway for pedestrians it's amazing no one has been killed.
542	22/02/2022	Long Lee Lane	30	All the time	Speed cameras. We already have a flashing speed limit sign but it is ignored
541	22/02/2022	Glen Lee lane	20	All day!!!	Speed bumps and camwra
540	22/02/2022	Westburn Avenue	30	Evening and Weekends	Since it is a residential and school area (Beckfoot Nessfield Primary School), the speed limit should be reduce to 20 with an SID warning sign.
539	22/02/2022	West lane	30	Evening	Speed cameras.
538	22/02/2022	Skipton Road	30	Evening	Cameras
537	22/02/2022	Keighley Road between Oxenhope and Haworth	20	All day cars, coaches, quad bikes ect	Traffic calming like sleeping policeman We see almost daily incidents by the entrance to Mannorlands and our cars are regularly hit my husbands was hit by a speeding caravan in front of us and multiple times by unseen vehicles my car was hit whilst I was sat in it and two weeks ago the wing mirror smashed again. People come past so fast they often set off the car alarms. Same problem for other residents.

536	22/02/2022	Oakworth rd	30	All the time	Police either speed cameras mobile speed cameras more signage
535	22/02/2022	Bradford Road between BQ & Riddlesden	30	Evenings & night time	Speed cameras or a sniper to stop them!
534	22/02/2022	Green Head Lane	20	Nighttime	Whatever works
533	21/02/2022	Glen lee lane	20	Am and pm rush hours and late evening	Speed camera Chicanes More visible signs for the speed limit and to alert people to parked cars as ours keeps getting hit. HGV's also speed along the road and frequently mount the curb to get past cars. A sign at the bottom of the road states no HGV'S
532	21/02/2022	Queens road	30	Evening	Speed cameras
531	21/02/2022	Braithwaite road	30	All times	Speed cameras main area as u head into laycock
530	21/02/2022	Fell lane	30	Sometimes through the day but also at night	Speed cameras, speed bumps anything to stop them using it as a race track with frightening speeds because what they have in place at the moment that tells you your speed seems to encourage them more to go even faster.
529	21/02/2022	Barrows Lane, Steeton.	20	All day and each day of the week.	SID plus regular police checks.
528	21/02/2022	South street/ halifax road shell garage	30	All times	Speed cameras to be placed to reduce speed or size of road reduced
527	21/02/2022	Halifax road between hermit hole and bocking	40	Evenings	Speeding happens between cameras, speed reduction is needed and more cameras.
526	21/02/2022	Main street stanbury	20	Evening and weekends mainly	Speed cameras and more police because it's a known drug run from Lancashire into Bradford .

525	21/02/2022	A650 Airevalley Road - Between Wenning Stree and B6265		Late evenings - usually after 10pm	<p>Speed cameras and greater police presence.</p> <p>Cars can be heard racing up and down this section of road, usually with loud exhausts. There can go for several hours. Houses overlooking the road are disturbed by the loud exhaust noise and anti-social manner in which these vehicles are being driven.</p> <p>Numerous accidents have occurred on this section of road, as is evident by the amount of smashed vehicle debris and buckled/demolished railings.</p>
524	21/02/2022	Hard Ings Rd, the widened section between the 2 roundabouts	30	all the time	Speed cameras, more and bigger 30mph signs, 'slow down' signs
523	21/02/2022	Thwaites Brow Road - From Calton Road to Bank Top Way	30	No specific times - generally occurs all the time	<p>Traffic calming measures such as speed bumps, specifically between Moss Carr Avenue (north entrance) to Lee Court. Reduced speed limit to 20mph.</p> <p>Between Moorland Terrace (south entrance) to Golden View Drive the road is reduced to a single line due to parked cars. There are bus stops in both directions, and the parked cars mean the bus has to stop and block the road to allow passengers to alight/board. There is a blind corner at the Dickie Bird pub, and vehicles travelling north, generally are going too quickly to observe road conditions around the corner.</p> <p>I know of at least one child who has been knocked down on this section of road.</p>
522	21/02/2022	Bradford Road Riddlesden	40	Evenings, especially weekends	Lowering speed limit and visual speed monitors
521	21/02/2022	Bradford Road, just past the coop towards Riddlesden Hall	30	5pm to late	<p>Speed cameras from stock bridge to Grandby traffic lights or regular police presence</p> <p>Cars have driven past at high speeds 50mph +</p>

520	21/02/2022	Westburn Avenue	30	Evening	Anything is better than nothing. Speed bumps perhaps?
519	21/02/2022	Woodhouse road	30	Every day	Speed bumps to slow down the traffic
518	21/02/2022	Green Head Road--Green Head Lane.	20	24 Hours a Day.	Camera to record and fine speeders , there are 20mph signs but that is laughable.
517	21/02/2022	Selbourn grove and malsis road	20	varied times of day but rises at weekends	Already have painted road speed limit. Not taken notice of. Speed humps would be more beneficial.
516	21/02/2022	Bar house lane	30	All time, slightly more so on an evening and around school start/finish	Speed camera/traps. Speed bumps repositioned/repared, currently in a dangerous condition and placed in wrong areas and wrong design. (Enforced) access only signage to reduce rat run. Speeds in excess of 60+ regularly seen, police to be seen in the area.
515	21/02/2022	Grafton Road	20	Evenings most days including weekends	Speed bumps or speed cameras
514	21/02/2022	Haworth Road between Cullingworth and the Flappit Pub	30	All day but worse at night	Speed cameras, SSID or any other prescience.
513	21/02/2022	Main road East Morton towards Otley road	20	After midnight	Speed cameras resulting in fines
512	21/02/2022	Oakworth Road (Bogthorn Area)	30	Happens day and night.	Speed cameras and perhaps a zebra crossing.
511	21/02/2022	west lane	30	all day	cameras
510	21/02/2022	west lane/Black hill lane	30	all day but more noticeable on evenings	speed warning signs in place - have no effect speed bumps or cameras
509	21/02/2022	Hebden road	30	Evening.	20 MPH limit with speed cameras. Put one at the bottom of my garden just after the bend.
508	21/02/2022	west lane	30	every evening	speed cameras
507	21/02/2022	Hill Clough/Laycock Lane Laycock village	20	Morning/Afternoon and evening	Speed Camera at bottom of hill coming into Laycock and more calming measures to slow people down.
506	21/02/2022	Cavendish Street	30	All day	Speed cameraâ€™s
505	21/02/2022	Whin Knoll Avenue	30	I notice it evenings and weekends, I'm not home during the day Mon-Fri.	Speed cameras
504	18/02/2022	West lane	30	All the time	Speed cameras, SID
503	17/02/2022	West Lane	40	Morning Evening WeekedSpeed	Speed Camera
502	15/02/2022	West lane	30	Morning,evening	Speed cameras
501	15/02/2022	West lane	30	Afternoons	Speed cameras near the school

500	15/02/2022	West lane	20	Afternoon, evening, weekends	Speed cameras definitely
499	15/02/2022	West Lane on the junction of Guard house road and highfield road	30	All day	Some kind of traffic calming measure is needed here. It is particularly dangerous when the children are around at school time. A young boy was hit the other week by a car . Since then a number of other crashes have occurred at various times of the day. I think speed cameras are necessary at all points of west lane as it is currently used as a rat run. The speed at which vehicles come down is ridiculous. On occasion the crossing lady is ignored and drivers will continue on their journey without even stopping. It is absolutely abhorrent. It is only a matter of time before someone is more seriously hurt.
498	15/02/2022	West Lane	20	Morning and evening	
497	15/02/2022	West lane Keighley	30	All day	Speed cameras, speed bumps
496	15/02/2022	West lane	20	All the time	
495	15/02/2022	West lane	20	All the time	Speed cameras and warnings and fines
494	15/02/2022	West lane	30	All times	Speed cameras, police presence and traffic calming especially during school pick up and drop off at olv
493	15/02/2022	West Lane	30	Anytime	Speed cameras
492	15/02/2022	West lane,near OLV school	30	School time	Speed cameras
491	15/02/2022	West lane	30	Anytime of day	Speed cameras, sign for 20mph zone. School near by which is currently a risk for children if nothing is done! Yellow lines on corner to Guardhouse road as when you turn in from west lane into guardhouse road you can't see oncoming traffic until aftet you turn in!
490	15/02/2022	West lane	30	Anytime	Speed cameras speed bumps

489	15/02/2022	Skipton Road, Utley	30	All the time, mostly at night.	The fundamental issue here is a lack of police presence on the roads and in the community at large. It's a well known fact that the reduction of offence is directly related to the likelihood of being caught. The punishment is minimal deterrent to offenders, it's the chances of being caught that deters people. Unfortunately, SID's do not impact the persistent, dangerous offenders. We live on Skipton road, Utley and it doesn't take a survey, plan or committee to correlate the reduction of police numbers to an increase in dangerously high speed driving. The chances of getting caught are diminishing day by day. Without an increased police presence the only way to stop dangerous speeding drivers is to physically stop them being able to speed
488	15/02/2022	Westland between north Dean and guard house road	30	Always	Speed camera or bumps and a reduction to speed limit
487	15/02/2022	West lane and Highfield Road	30,20	All day	Speed cameras Speeding bumps (Highfield Road). At school times drivers have no regard for children/young people walking down from school. I am a resident of Highfield Road On numerous occasions I have seen drivers climb the pavement at high speed.
486	15/02/2022	West lane	30	Afternoon at school pick up times	A police officer on patrol holding their speed flash camera to catch people going over limit
485	15/02/2022	West lane	20	School times and on a night	Speed cameras or speed bumps
484	15/02/2022	West lane	30	All day	Speed Camera
483	15/02/2022	West lane keighley		School run times also evening time	Speed cameras speed bumps
482	15/02/2022	West lane and guard house	30	Morning and after school	Warning signs and speed camera
481	15/02/2022	West lane	30	All day mainly evening	Speed cameras
480	15/02/2022	West lane	30	All day everyday/evenings	Speed cameras
479	15/02/2022	Rebekah Spencer	30	All times	Speed bumps or speed cameras

478	15/02/2022	West lane, between north Dean road and braithwaite avenue	30	Morning School drop off times and afternoon school pick up times	Speed cameras, bumps in road possibly
477	15/02/2022	West lane	30	All day	Speed bumps camaras
476	15/02/2022	West lane	30	All the time.	Speed camera, humps in road. May traffic lights or specific crossing areas
475	15/02/2022	West lane by our lady of victories school	30	Mornings and afternoon	Cameras speed bumps a crossing by the school
474	15/02/2022	West lane	20,30	All day	Speed bumps, cameras, zebra crossing for school children outside our lady of victories school on West Lane,
473	15/02/2022	West Lane and Highfield Road	30	All day	Speed cameras by the schools and bumps on Highfield road
472	15/02/2022	West lane	30	All times of day	Speed camera and police pro active in the area to reduce speed and therefor minimise the risk to a collision of a child. Numerous times I have seen cars fly past the lollipop lady whilst sheâ€™s walking into the road so a camera for her also to wear
471	15/02/2022	West lane between north dean road and guard house road	30	All day especially school times	Speed cameras
470	13/02/2022	Exley Road	20	Particularly morning, school drop off and pick up and teatime, also sometimes after dark in the evenings/night	Speed bumps More signage
469	12/02/2022	Exley Rd	20	Most of the time	Further measures, 20mph Road markings at the junctions and humps
468	12/02/2022	Fell Lane	40	All Day	Photoradar
467	11/02/2022	Ashbourne Road	20	Evenings	Speed bumps that actually deter speeding. Better Junction at Queens Road. Speed cameras. POLICE.

466	06/02/2022	Glen Lee Lane Keighley	20	morning, early evening and intermittent through out the day	Speed cameras, Because there is no cameras to back up the signs you get road rage and abuse for sticking to the speed limits. It would of been better to of left the speed at thirty and to install cameras so residents don't have to put up with this road rage.
465	04/02/2022	Ashbourne road, Ingrow		Morning, afternoon, night, weekdays, weekends	S.I.Ds A.N.P.Rs Police to crack down on antisocial noise from some of the car exhausts. Narrower Junction at bottom where Queens gelato is.
464	04/02/2022	Queens road	20	All the time	Police present and change the junction at Ashbourne road. Far too fast and wide for pedestrians.
463	03/02/2022	Ashbourne road	20	Evenings every day	Speed camefa and Junction changed to slow drivers as they easily take that junction at Queen Road in 5th gear.
462	03/02/2022	Queens Road and Ashbourne road	20	All day 7 days a week	Junction improvements as cars park and drive dangerously fast at the junction making it very unsafe to cross. Can someone tackle the noise pollution these cars too? There are 2 specific cars in particular that are known to residents for noise and high speeds through our streets.
461	03/02/2022	Ashbourne road and Queens Road junction	20	6pm till 6am	Bumps that actually deter speeders, not just slow them down for them to fly up the road after they've passed it. Would like to see police about and even measuring sound as well as speed. Noise disturbance is excessive from exhausts with constant anti social driving reported to police.
460	03/02/2022	Ashbourne road	20	All day every day	Police and speed cameras better and more speed bumps
459	03/02/2022	Oakworth Road junction moorlands	30	No. Generally it's all the time, any time .	Massive fines for drivers. Zebra crossings it's dangerous. Fast driving both up && down Oakworth Road.

458	02/02/2022	Bar House Lane, Utley BD20 6HQ	30	Late at night. Along with anti social parking below (noise late at night and evidence of drug taking).	Greater use of police visibility to deter. Repair of existing speed bumps to make it undesirable to speed. Our location is the last house on the right before Ferncliffe drive. Possible one off speed trap exercise from corner of Ferncliffe drive aimed at cars travelling down bar house lane during evening/night time hours. 8pm-2am
457	02/02/2022	Keighley rd	30	No specific time	Confiscate speeders cars of larger fines
456	02/02/2022	Lawkholme Lane	20	All day and worse at night	Action! Anything that would help. It's constant nuisance and very difficult to live with.
455	30/01/2022	Ingrow		All the time	Side. Cameras. Police. More speed bumps.
454	30/01/2022	Junction of Ashton Rd and Queens rd	20	All day every day	Junction layout improment to slow speeders and make it safer for pedestrians
453	29/01/2022	Ashbourne Road and Queens road	20	Evening and night	Speed cameras. Sporadic police presence.
452	29/01/2022	Ashbourne road	20	Mainly at night	Police cars, speed guns and cameras. Also noise level checks as some cars, particularly a white subaru and black civic are disgustingly loud. Waking residents up every night and leaving engine idling through day.
451	29/01/2022	Dual carriageway B&A;M roundabout thro to Mercure R/a		Frequently but worse pm	Police presence . Traffic police patrols. However this will not be possible while the police service is underfunded. A concerted campaign by mps and councillors to increase funding to allow a greater police presence on the streets

450	28/01/2022	Keighley generally		2100-2400	<p>Enforcement and prosecution.</p> <p>We live above the valley and most of the roads in Keighley so get to here whats going on due to the good acoustics. Pretty much every night between 2100-2400 roads below can be heard to turn into a raceway. Its why the area is locally called the "Bradistan international raceway"! Its blunt but its true.</p> <p>Education doesn't work. Unless you hit people in the pockets its the only way you'll get perpetrators to start to take notice.</p>
449	28/01/2022	Ashbourne road	20	Mostly at night	<p>Police being visibly present.</p> <p>Excessive noise from exhausts also causes disturbance daily.</p> <p>Speed camera / van</p>
448	28/01/2022	B6143 Keighley Road at the Junction with Oakbank Broadway	30	all day	Speed Cameras
447	27/01/2022	Main Street , Laycock	20	Evenings especially and "rush hours";.	Speed cameras. Regular speed watches with more astringent penalties? Obligatory re-education for offenders? Community Service with traffic injury patients?
446	27/01/2022	High Spring gardens lane and View Road	30	All day	Road bumps to slow people down
445	27/01/2022	Pickles Hill, Oldfield		Morning, Afternoon, Evening	<p>Although there are Slow signs on the road here, drivers go like bats out of hell. It's very , very dangerous on a narrow road like this.</p> <p>Please can we have speed bumps or cameras before someone gets killed. We would be grateful even for 30 ml an hour signs if the former is too expensive. I do hope you can help. Previous complaints by residents have been ignored.</p> <p>Kind regards</p>
444	27/01/2022	Shan Lane	30	All times	Proper Signs (lack of signs) traffic calming measures (not necessarily speed bumps)

443	27/01/2022	Park Lane just above the car wash	30	Late evening and during the night we have •boy racers•going up the hill and looping round to do it again. During the day people take the downhill bend above the car wash too fast and in the past few years in separate incidents we have had a car and a caravan written off and had to replace 4 offside wing mirrors. We think people fail to navigate the bend at speed.	Speed camera and big notices about slowing down for the bend above it.
442	27/01/2022	Skipton Road, B6265, Utley	30	Evenings on weekdays, throughout the day on weekends.	Speed van deployment Discouragement of using the Steeton-Utley section on this road for journeys into and out of Keighley, a lot of speeding cars use this instead of using the A629 bypass.
441	27/01/2022	Ashbourne road && queen's road	20	Every day of the week, mainly between 6pm - 6am	Speed cameras, police presence

440	26/01/2022	Hospital Road Riddlesden	30	Can be any time of day or night.	Hospital Road has become a 'rat run' for vehicles going to Carr Lane and the Southlands area, many who drive at excess speed. Drivers use Hospital Road to avoid what can be an awkward turn from Granby Lane into Carr Lane. There has over the past few years been an increased use of Hospital Road by pedestrians from the Roedhelm Estate. Hospital Road has only a narrow footpath along one side of the road, making it difficult for pedestrians at the best of times and dangerous at others. I do not feel that reducing speed limits or using speed indicators has a long term effect on driving habits. East Morton for example has a 20mph limit and a Speed Indication Display, which are ignored by the majority of drivers on a daily basis. I feel that legal enforcement of the law or physical traffic calming measures are the options that influence drivers. The former is expensive, the latter unpopular but effective.
439	26/01/2022	High Street Barrows Lane, Steeton	20	Morning and evening	Don't think drivers will take much notice of SIDs, speed bumps are needed
438	23/01/2022	Riverside (Dalton lane)	30	As vehicles come and go from the old foundry	Warning signs speed humps

437	23/01/2022	Hospital Road, Riddlesden		Random	Hospital Road is used as a rat-run by people living on connecting streets, and a lot of people drive on it without due care and attention for other drivers and pedestrians. I don't know what would actually reduce speeding on our street, but reducing the volume of traffic might hopefully reduce the number of speeding motorists in turn. The pavement is not in the best state of repair, and is too narrow for more than one pedestrian at a time, plus there is overhanging garden foliage and some people park on the pavement because the road is narrow to begin with - this means that any speeding vehicles are therefore more dangerous to pedestrians on our particular road.
436	23/01/2022	Long Lee Lane	30	Mainly in the evening but is a problem at all times of the day.	Curb extensions like those on Parkwood Street. Too many people share the location of mobile speed cameras on social media. People drive more considerately when they are there and then return to their usual speed as soon as they are gone. It doesn't give an accurate representation of the problem. No-one pays any attention to the speed indicator sign either.
435	22/01/2022	Long lee lane to harden rd	30	All the time, used as a launch pad to get up harden rd	Camera
434	22/01/2022	Longlee Lane keighley	30	Between 0700 and 0830 plus 1630 and 1900	Fixed speed cameras
433	22/01/2022	Braithwaite Road from West Lane to Laycock (20 mph signs already installed through Laycock village)	30	Anytime but worse weekends all day and weekday evenings from 1600 hrs.	Mobile speed cameras introduced - or permanent speed cameras. Alternatively flashing mph signs along Braithwaite Road in both directions. These were already installed several years ago as you enter Laycock village.
432	21/01/2022	Skipton Road Steeton	40	6pm - 9pm	Speed cameras

431	21/01/2022	B6265 Keighley Road -on the stretch of road between Hawkcliffe Corner Steeton, and Utley Rugby club.	40	Between the hours of 6.30pm onward till early morning, week and weekend evenings - most prevalent in summer.	Regular police monitoring, mobile camera vans in prime areas.
430	20/01/2022	Station Rd Steeton	30	Whenever there is not a traffic jam	Make the 30 mile sign much clearer as you come off the by pass Most don't slow till Summerhill rd
429	20/01/2022	Chapel road, Steeton	20	When traffic is busy on the B6265	Warning signs. camera to capture people going the wrong way down the one way section.
428	20/01/2022	Mill lane steeton	40,20	6pm-8am	Speed bumps and cameras
427	20/01/2022	Keighley / Skipton Road Steeton	30	Evening and night	As it is on a direct route to the hospital I don't know if cameras are suitable but a speed warning sign might help. Patrols wouldn't hurt
426	20/01/2022	Keighley Rd by Aireburn Garage between 30 mph sign and Steeton top traffic lights.	30	All the time, even through the night	Speed camera
425	20/01/2022	Keighley Road Steeton BD20 6Rj	30	Late night/ early hours of morning but also quiet day time	Speed cameras. Increase police presence/ mobile speed cameras at regular intervals. Traffic light cameras.
424	20/01/2022	Barrows Lane, High Street & Chapel Lane Steeton	20	Happens at all times of the day/ night.....some drivers are considerate but other flout the rules causing danger to pedestrians & other road users	Not sure but definately needs something doing. Also need to address the cars that park on the pavement in between Bobbin Mill Lane & Mulberry Lane on Barrows Lane. Pedestrians including mothers with prams have to walk in the road which is not safe when considering the speed at which some cars travel
423	20/01/2022	Sutton lane Sutton-in-Craven		Always	Footpath Already child killed
422	20/01/2022	A629		All day	Average Speed Cameras on the airedale Expressway to prevent biy racers and taxi drivers (amongst others) accelerating and decelerating causing noise pollution for local residents and also improving safety at the roundabout near Steeton and Silsden railway station. Also a 40mph to be introduced.

421	20/01/2022	Meadow Drive	20	All Day	<p>Speed Cameras and or returning the speed bump/ narrowing Road to have a priority passing point, some kind of street redesign to enable slower speeds.</p> <p>Currently a lot of accelerating and braking causing noise, air pollution, disruption and a lack of safety.</p> <p>Please keep me informed.of the results of where interventions are proposed across the district.</p>
420	20/01/2022	Front of Aireburn Avenue Steeton	30	Evenings	Speed camera
419	20/01/2022	Station Road Steeton between the roundabout and the crossroads at Keighley Road	30	Evening, especially after 7pm	Speed cameras, as a lot of people try to cross the road, going to/from the railway station, and itâ€™s a huge risk
418	20/01/2022	Keighley Road between Steeton Primary School Junction and Hawkcliffe Corner	30	Evenings from 6:30-7pm until midnight approximately	Speed cameras
417	20/01/2022	B6265 Steeton Village	30	All day (apart from during congestion)	<p>The road closed to the through traffic - the A road should cater for that.</p> <p>Then the village high Street could be redesigned to be a community space with, yes, space for access but also space for the pub, cafes, greenery and such. The school would be accessible, the remaining shops could trove and hopefully more could be returned to use. Currently the road is either gummed up with rat-running to the hospital or massive, wide and empty and so sped down by taxis and boy racers.</p>
416	20/01/2022	Thornhill Road, Steeton	20	All day	The road narrowed, parking bays marked to provide "natural" speed reduction through carriageway narrowing, street trees planted in the resultant space, general streetscape improvements such as wider footways given the volume of pedestrians (especially re: hospital) and maybe an uphill segregated cycle path added?

415	20/01/2022	High Street and Chapel Road	20	School time morning	Speed cameras or bumps on high street. Cameras for Chapel Road and bumps as it's a one way system
414	20/01/2022	Skipton Road, Steeton	30	All times but worse at night	Speed cameras
413	20/01/2022	Lawkholme Lane, from Cavendish Street end to mini roundabout	20,30	Weekdays during the day	Additional speed bumps like on Hanover Street that cover the entire road. Greater police presence.
412	20/01/2022	Spring Gardens Lane		All the time	Speed cameras followed up by proper penalties enforced
411	20/01/2022	B6265 through Steeton to Eastburn	30	Most parts of the day but especially early mornings.	Speed cameras fixed or regular mobile.
410	20/01/2022	whitley head barrows lane steeton	30	morning and evening	reduced speed limit and speed humps
409	20/01/2022	Between Steeton & Eastburn	30	Some speed during the day even though there is a speed sign flashing but the serious racing happens at night.	
408	20/01/2022	Keighley Road, Steeton - near to Steeton lights, no further the houses	30	All day, especially night	Cameras or bumps. Nothing else will slow these speeders down - you can hear them fly up Keighley Road then onto the bypass, doing a circuit. There are a lot of the same cars doing this regularly. The speed they come past the house is alarming.
407	20/01/2022	Skipton Road, near co-op, Steeton	30	Every evening, anytime weekends	Speed cameras
406	20/01/2022	Keighley Road	30	All the time	Speed cameras park and school areas and the Keighley end of the road
405	20/01/2022	Main Road, Eastburn	30	After 9pm	Speed Cameras
404	20/01/2022	Barrows Lane, Steeton	20	Every day	Speed Camera
403	20/01/2022	Keighley Road, Steeton. Between the lights at Steeton Top and Hawckcliffe Corner	30	Evening usually	Speed Cameras. Not only is there excessive speed there is also a noise problem with backfiring exhausts

402	20/01/2022	Whitley Head, BD20 6QS	30	All the time	Speed bumps, a reduction of the speed limit to 20mph, or cameras. Or all three. This is a very narrow road between the bottom of Intake Lane where it goes downhill to Barrows Lane where the limit is reduced to 20mph. At that point, there are also footpaths. Apart from a very short stretch, there are no footpaths so anyone walking up from Steeton village or down towards the village is obliged to walk on the road. There are high stone walls either side so there is no means of escape should there be a problem. I was myself hit by a swerving car whilst walking up the hill one afternoon. He had to swerve to avoid a speeding car going downhill. Where there is a row of houses on the road side, people are forced to walk in the middle of the road due to parked cars. This of course is worse in the evenings and at weekends. Because of the constant failure of street lighting and the apparent reluctance of the council to do anything to rectify that, it is extremely dangerous. My neighbour's house was seriously damaged a few years ago by an out of control car, to the point where part of it had to be demolished and rebuilt. The driver of that vehicle was never called to account. Someone will inevitably be killed or seriously injured if this situation is not dealt with. Not only that, despite signs prohibiting large vehicles coming up or down the road, we are constantly plagued with
401	20/01/2022	Station Road, Steeton, and adjoining B6265	30	Throughout the night	Speed cameras. Other traffic calming methods would also be useful but aware it is close to Airedale Hospital so may be difficult for ambulances
400	20/01/2022	Dale View which leads into Banklands Lane Silsden BD20 0JH	20	am and pm	Speed cameras or speed humps

399	20/01/2022	Barrows lane Steeton	30	Evening	<p>Not sure there is anything you can do. Camera would be ideal but watched Panarama on Monday where they said most camera's in the country were switched off.</p> <p>It will take someone to be seriously injured or killed before something is done. It always does.</p>
398	20/01/2022	Chapel lane, Steeton. Near the medical centre.	20	All day, but especially morning and afternoon peak. 7am to 9am and 3pm to 6pm.	<p>The road says access only but everyone knows you can cut through. Enforcement of the access only. Adhoc traffic police presence and some kind of nice looking traffic calming may go some way to help. The road is really dark and used by school children with no pavement to walk on it's only a matter of time before there is an accident. A regular speeder is in a red Beresford transit van around 7.10 every morning Monday to Friday.</p>
397	20/01/2022	Station Road Steeton	30	No specific time, but mainly between rush hour and after 7pm	SID, Police Speed Checks.
396	19/01/2022	Whitley Head, Barrows Lane, Steeton	30	Evenings, nighttime predominantly but can be anytime someone is in a rush or showing off to their mates	<p>Speed cameras and physical traffic calming measures are the only realistic option as most (though not all) speeders are groups of young men pushing their cars to the limit. A SID only becomes a challenge to see how high a number they can reach without losing control on the bend</p>

395	19/01/2022	Hospital Road, Riddlesden	30	All days, during the daytime - there is less traffic during the evenings after people return from work / stop delivering	Ideally, some kind of physical traffic-calming measures. Hospital Road is long and mostly straight, which encourages speeding; the pavement is very narrow and only on one side of the road, which makes it more dangerous for pedestrians (pedestrians on Hospital Road have increased in recent years due to the building of the new estate); and the road itself is old and narrow - which makes all the issues worse! Due to the awkward/hazardous junctions between Granby Lane-Carr Lane, and Hospital Road-Daleside Road, Hospital Road is used as a rat-run by people who live on Carr Lane or vans that are delivering there (and the roads branching off it), and by those who live on Newlyn Road/Daleside Road. This was proven during recent roadworks that required Hospital Road to be closed halfway up - it turns out that little of the traffic speeding on the road actually belongs to people who live on the road.
394	19/01/2022	Highfield road	20	Afternoon evenings .	Speed camera
393	19/01/2022	Hollins Lane - between Steeton and Keighley	40	All the time	The road is used by walkers, runners, cyclists, horse riders and children because it's a quiet lane, but it's national speed limit and cars speeds down there, there's no pavement and often no where walkers can go to get out of the way of speeding cars. Bar house lane, just below Hollins is one way and has speed bumps and is 20mph.
392	19/01/2022	Long lee lane	30	15.30 to 19.00	Sid warning signs and reduce speed limit to 20mph.
391	19/01/2022	Keighley Town centre, bypass, Bradford road		Late at night early hours	Police patrols, cameras. This is clearly not just speeding, its racing. It's not exactly subtle. I can't understand why the police don't notice and do something when it happens considering the proximity of the police station

390	18/01/2022	Airevalley Road between Keighley and Crossflatts. Also Bradford Road between Keighley and Crossflatts. Occasionally one pops it's exhaust (a lot!) driving down Daleside Road in Riddlesden.	40	EVERY SINGLE EVENING! From aprox. 6pm onwards into the night. In particular around 9pm-11pm but also right up until 1am. I live right up on the hill side in Riddlesden, have double glazing on my home and can hear them loud and clear.	Speed cameras and also noise level readers as many of these cars are constantly revving and popping their exhausts continuously. Much more police presence. These people are out EVERY SINGLE EVENING making a huge amount of noise. They are far more constant and more noisy and dangerous than the fireworks that folk are forever complaining about.
389	18/01/2022	bradford road	40	Weekday evenings. 9pm to 11pm	speed cameras, speed bumps.
388	18/01/2022	Goose Cote Lane between Harewood Road and Keighley Road	30	Evenings both week days and all day at weekends	Any of the above really, we live adjacent to the Bronte Playing fields where the Oakworth Juniors football club is based, and we often have speeding traffic in both directions on our road, and this worries us. We have reported this before. You guys have access to all the experts as to what is required. Thank you.
387	18/01/2022	West lane from junction with Oakworth Road to Shann Lane	30	Afternoon and evenings/nights, all day at weekends People visiting the Keighley Tarn to cause nuisance and littering.	Speed cameras, similar to Oakworth Road. A reduction of speed limit to 20 near primary schools, St Andrews and Our Lady of Victories. The Road has become very dangerous with would be Lewis Hamiltons putting pedestrian and drivers lives at risk.
386	17/01/2022	South Street	30	Very early morning (12-1am) and night 8 until late	Speed cameras

385	17/01/2022	Queens Road	20	No	Speed humps. The road goes from 30 to 20 at Victoria Road junction. Cars do 60 to 70 from South Street up to the first humps by St Joseph's primary school and vice versa. I live on the corner of Victoria Road/ Queens Road. I work full time but could get you 100 speeders in 5 days on video. The humps have been installed higher up after the school and up Ashbourne Road. Just needs 2 or 3 lower down as we've seen a few close shaves and accidents at the Vic Rd junction let alone the noise from these irresponsible characters.
384	17/01/2022	Green head lane and Skipton road. Utley.	20	All day!	Actual action. People ignore speed bumps, signs and "soft" measures. The only way to stop people is a comprehensive mix of both cameras and enforced traffic stops. Most of those who speed excessively also have fake/trade plates, license issues and more - just look at op steerside!
383	17/01/2022	Keighley Road, Bogthorn	30	At all times during the day but very noticeable after 8pm.	Speed cameras and police detection vans. Warning signs are of no deterrent a waste of money and resources.
382	17/01/2022	West lane	30	Afternoon, evening, night	Speed cameras , speed bumps because of 2 local school on West lane.
381	17/01/2022	West lane	30	Mornings	Cameras. Warning signs wouldn't stop the speeding.
380	17/01/2022	Keighley road	30	All day	Speed cameras from Keighley all the way to oakworth

379	16/01/2022	Parkwood Street where it meets Thwaites Bridge	30	Usually after 7PM, worse on a Friday and Saturday evening.	<p>Speed bumps have already been put in place (temporary I think) further up the road near the school however various cars and motorcycles are still coming onto the road from the Airevalley Road roundabout near Marley, up Wenning Street and over Thwaites Bridge and around the sharp bend at the Shoulder of Mutton pub and then they absolutely floor it accelerating upwards of 70 MPH right up until they hit the give way area where Quarry Street meets with Parkwood Street.</p> <p>There are many locals that walk their dogs at night as well as children that play in the streets adjacent to Parkwood Street. Most of these streets run downward to Parkwood Street so if any children lose their footballs or can't stop on a bicycle or a skateboard they'll naturally end up right in the middle of the road.</p> <p>There have also been a dozen crashes on this bend in the last 12 months, my own cousin was driving round the bend from the Dalton Lane end at lunch time on a Friday when he was smashed into head on by a rental vehicle with 4 occupants travelling down the wrong side of the road trying to skip traffic.</p> <p>One or two of the bad accidents on the Thwaites Bridge/Dalton Lane junction have also required air ambulances which you would think is odd</p>
378	16/01/2022	High spring gardens Lane	30	Morning, afternoons, evening, nighttime	Bumps, 20 miles zones
377	16/01/2022	Westburn avenue	30	Evening	Speed bumps or one way system from oakworth Road to nessfield drive / westfell

376	16/01/2022	Spring gardens lane	20,30	Particularly 4pm onwards but it can be all day. They start from the other side of the double roundabout and out their foot down.	speed bumps installed from the double round about all the way to the next one at holy family school. the cars start before the round about and put their foot down straight over the roundabouts, without a care for cars coming up to the top of green head lane. Sometimes there is defiantly races going on. It is so so dangerous, this road has a school at one end of it and green head lane has one as well. There will be a death if this carries on which is really really scareY
375	16/01/2022	Fell lane	30	Constant	Speed bimps
374	15/01/2022	Harewood Road Bd22 7NS	30	Evenings mainly some afternoons with off road motorcycle riders	Speed cameras and speed bumps
373	15/01/2022	Denholme Road, Leeming	20	Can be all day but particularly evenings	Speed cameras
372	15/01/2022	All of West Lane from bottom to Shann Lane junction	30	Throughout the day but mainly during the hours of darkness until 2am	Speed cameras or regular Police mobile cameras (on foot), drivers reported for anti social behaviour, dangerous and without due care driving.
371	15/01/2022	Bradford Road, Stockbridge	30	All day	Speed cameras would be good, work by there and also live in riddlesden. Been nearly hit a few times by speeding idiots and the noise at night can be horrendous
370	15/01/2022	Fell lane	30	Anytime	Speed cameras
369	15/01/2022	West lane between north Dean road and Braithwaite road.	30	All day	Speed cameras, speed bumps
368	15/01/2022	West lane between north Dean avenue and braithwaite road	30	All the time.	I think speed camera's need to be installed, and a zebra crossing on West lane near our lady of victory school.
367	15/01/2022	North Dean Avenue.	30	All day.	Speed camera.

366	15/01/2022	Highfield Road	30	All day and all night - literally 24 hours	Speed cameras, Road humps and any other traffic calming measures- this road is used a lot by children walking to and from several local primary schools and The Holy Family School, drivers often use it as a race track and sometimes continue over onto guardhouse road- it needs to stop before someone is killed
365	15/01/2022	Station Road Oakworth	20	All times of the day. Worst at night and at the weekend	Speed Cameras
364	15/01/2022	Long Lee Lane between Harden Road junction and M	30	All day	20 mph limit
363	15/01/2022	Fell Lane both ways	30	Any time but worse in evenings	Speed cameras, SIDs etc, lower speed to 20mph maybe
362	15/01/2022	Wheathead drive Keighley	30	Anytime	Speed reducing humps or at least one camera.It is like a race track most days
361	15/01/2022	Fell lane	30	Constant	Cameras Speed bumps
360	15/01/2022	Grafton Road	20	Anytime	Traffic calming measures
359	15/01/2022	Broadlands Shann Park	30	People speed all the time but more at night when it's quieter	Speed bumps like everywhere else around our streets before someone is killed
358	15/01/2022	Staveley Road	20	Most of the time especially at night time.	Speed cameras as even the buses don't stick to the speed limit.
357	15/01/2022	Grafton road kly	20	All times of the day.	What ever it takes before someone is killed. Maybe speed bumps initially.
356	14/01/2022	Hainworth wood road north	30	All the time	Speed cameras, more police checks on road.
355	14/01/2022	Glen lee lane	20	Morning, evening	Speed bumps so I can safely cross my kids on this awful road
354	14/01/2022	Bradford Road	40	Evening	Anything and everything to deter whoever they are speeding, revving engines, exhausts backfiring into the early hours.EVERY single evening.(not an exaggeration!)
353	14/01/2022	West Lane, near Our Lady of Victories school	30	All day, every day	speed bumps. 20 mph zone

352	14/01/2022	Station road oakworth	30	All hours of the day and night	From the train line (oakworth train station) up people put their foot down and fly up the road at speed meanwhile people are also speeding down the road this road is used as a rat run and is especially busy at rush hour morning/evening. When there is a train and the gates are closed traffic ques up the road and people fly down and nearly hit the standing traffic with little or no warning- there have been bumps and many times cars have screeched to a halt to avoid hitting standing cars, I would like to see speed bumps at the bottom half of station road to prevent people speeding up and down and much more signage for the level crossing- itâ€™s an area busy with tourists and visitors especially in the summer months and I am surprised there are no traffic calming measures already as well as to keep the local children and elderly people safe. The main problem is how steep the hill is it seems to encourage a lot of people to put their foot down and go well above the speed limit.
351	14/01/2022	West Lane especially near Guard House Road junction by the school	30	Afternoon and evening mainly	Speed bumps, reduced speed and cameras
350	14/01/2022	Fell Lane	30	Varies no particular time	Speed cameras
349	14/01/2022	Fell Lane	30	Evenings and weekends	Speed cameras
348	14/01/2022	Steeton High Street	20	Evening	Speed humps
347	14/01/2022	Bracken bank grove bracken bank avenue staveley road	20	Yes there is evening time	More humps speeding cameras anything to stop the speeding it's like living on a speed track
346	14/01/2022	Bingley and Silsden bypasses, Park Lane and Dason Road.		Evening and weekends.	Speed cameras.
345	14/01/2022	Spring Gardens Lane	20	Any time of the day	Speed cameras to be put up as clearly the speed bumps which were put in place several years ago have not stopped the speeding/racing/reckless driving up and down this road.
344	14/01/2022	Prospect mount	30	Evening	Bumps. Signs
343	14/01/2022	Artic street beechcliffe and skipton road	30	Evening	Traffic calming measures like speed bumps and artic street 20mph
342	14/01/2022	Halifax Road	40	Evening	Reduce to 30 mph with speed cameras

341	14/01/2022	Westburn avenue	30	Evenings mostly, but afternoons also	Speed bumps or even speed cameras
340	14/01/2022	Hainworthwood road, woodhouse keighley	20	All day, particularly bad in the evenings	Speed cameras. There are speed bumps all along the road which make no difference as most of the cars are stolen or they are on quad bikes or dirt bikes.
339	14/01/2022	Scott Lane, Riddlesden, BD20	30	Anytime	20 mph zone, as it's all residential or church/community buildings.
338	14/01/2022	North Street by the Cinema	30	Evenings and weekends	Speed cameras
337	14/01/2022	Halifax Road Cullingworth	30	All Day	Speed cameras
336	14/01/2022	Keighley Road, Steeton, outside Steeton Primary school and recreational sports park	30	Mainly late evening into the night. But occurs 24hrs a day	Speed Camera would be ideal, or speed bumps. There is already an led '30 slow down' sign on the approach from hawcliffe corner but has never made any difference.
335	14/01/2022	Arctic Street	30	Most of the time, worse during light evenings when there is a religious festival	Speed bumps and the drug dealers moved on and dealt with.
334	14/01/2022	Denholme Road between the Lamb and Dog and Gun pubs	30	Used as a rat run morning 6.30 to 8.30 and evening 4.30 to 6.30	There are no pavements in Leeming, the speed should be reduced to 20 mph with speed cameras to enforce. As a resident it is dangerous to walk on the road to access the reservoir as motorists drive without any due care and attention for pedestrians or people riding horses. There have been several near misses with motorists driving so close and at speed. Additionally, the parking around Waterside Mill is atrocious, there is no regard for the bus stop, and it is extremely difficult to see the oncoming traffic when entering the carriageway.
333	14/01/2022	Exley road, coming of Oakworth Road	20	Mist of the time	Speed bumps in road to calm traffic speeding. Especially now there is a school at the top of Exkey Road.
332	14/01/2022	West Lane between Braithwaite Avenue and Devonshire Street	30	Virtually all the time every day especially traffics heading towards town	Speed cameras would be best but speed bumps at the very least. This area includes a stretch that has to be crossed by children from OLV Primary School. There is a lollipop lady but it is still extremely dangerous for both the children and the lollipop lady!

331	14/01/2022	Scott Lane, Riddlesden to Bar Lane.	30	Mornings 7 - 9am.	20mph speed limit and speed cameras.
330	14/01/2022	Holme Lane, Cross Hills	20	Late evening, early hours	Unmarked vehicles to stop speeding vehicles and fine or prosecute. Many of the vehicles have illegal exhausts and no tax or insurance. Cameras will not help as half of the people committing the offences won't have the vehicles registered to their name
329	14/01/2022	Bradford Road Riddlesden	40	Evenings	Don't mind what the solution is, probably speed cameras would prevent them from speeding so much
328	14/01/2022	Cherry tree rise.long lee	30	Evening /early morning	Speed bumps
327	14/01/2022	Oakworth. From Lidget right through the village past the school and also Station Road. Is is very dangerous to cross from the school to the park at all times of day.	20	All day.	Speed cameras, SIDs, extending the 20mph zone to cover more of the village and further up than the start of Lidget, the 20 zone starts as you come down a hill so hard for cars to start slowing down.
326	14/01/2022	Scott lane, riddlesden	30	Sitting the day but particularly at night	Traffic calming and possibly a reduced speed limit to 20 as cars do not drive at an appropriate speed considering driveways and parked cars
325	14/01/2022	West Lane around OLV	30	Unsure, frequently	Reduce to 20. Speed bumps and/or cameras.
324	14/01/2022	A650 Aire Valley Road between Aireworth and Crossflats		Late evenings especially at weekends	A number of antisocial drivers are using this road as a drag strip. The sound of revving engines is clearly audible across surrounding areas as far away as West Morton. Furthermore, aggressive tailgating and dangerous manoeuvres by these drivers puts innocent road users in danger. There needs to be a greater police presence and more use of speed cameras and ANPR to prosecute these antisocial drivers.
323	14/01/2022	Airedale road	30	All day and night	Anything to stop a accident
322	14/01/2022	Scott Lane , Riddlesden	30	Afternoon and evenings	Speed bumps and speed indicators are required
321	14/01/2022	Scott Lane, Riddlesden.	30	Mornings, and around 5pm onwards	Speed camera and speed bumps on the road.
320	14/01/2022	Bradford road between east riddlesden hall and b&am roundabout	40	From lunchtime right through to the early hours	Anything! It's scary walking on the pavement as they go so fast it's just a matter of time before one loses control and mounts the pavement. They also drive on the wrong side of the centre islands to overtake.

319	14/01/2022	Morton lane	20	Evenings night times	Police camera patrols
318	14/01/2022	West lane, high field road up to the tarn	30	Night time	Speed cameras and / or speed bumps
317	14/01/2022	Top of West Lane, where it meets Black Hill Lane and the junction for Shann Lane	30	AM and PM rush hour then n8gjt time it becomes a rally track.	Speed cameras.
316	14/01/2022	West lane	30	Weekend and evenings	Speed cameras
315	14/01/2022	Fell Lane	30	All day but especially evenings when they hit the top of fell lane	Cameras, t traffic calming measures towards Holme house lane. Speed limit reduced from National to40
314	14/01/2022	Bradford road riddlesden	40	Afternoon and evening	Speed cameras
313	14/01/2022	Rawdon road/west lane Haworth	30	All day	Speed cameras/speed bumps
312	14/01/2022	A650 bypass, Carr Lane East Morton, Bradford Road Riddlesden.	40	Evenings on A650 and Bradford Road. Carr Lane daytime.	Cameras, camera signs.
311	14/01/2022	Becks Road		Used as a cut through and some of the cars go at great speed, I have nearly been run over a few times on my lunch as I work here	Warning signs
310	14/01/2022	Banks Lane, from Ilkey Road junction to the top of Banks Lane. Lower down Banks Lane towards Granby Lane is a little more restricted with volume of parked cars. Also the bypass. Fast and furious driving until 3 in the morning! .	30	All day long on Banks Lane.	More obvious and regular speed signs would be a start, including all dual carriage ways in and around Keighley. Speed cameras. I'm sure this alone will double money going to the council which in turn can maintain the roads to a better level. No more humps in the roads please,they are full of pot holes and diverts, a rotten state that doesn't put motorbikes, cars, and HGV off going faster speeds. I'm riddled with arthritis and do not want more pain because of other careless drivers.
309	14/01/2022	Oakworth road	30	Evenings	More police patrols and speed cameras that actually work
308	14/01/2022	Mytholmes Lane	30	After 7pm	Anything
307	14/01/2022	Prospect mount keighley	30	Day and night	Speed bumps is a necessity the sooner the better

306	14/01/2022	Skipton Road Utley	30	All day and every night	Move the 30mph signs, further away from the built up areas
305	14/01/2022	Arctic St beechcliffe	30	All the time	Speed ramps
304	14/01/2022	Fell lane. Oakworth road between oak bank school and lidget. North street to street to steeton top.		All day everyday	Speed cameras, speed bumps , any kind of traffic calming measures with regard to speeding.
303	14/01/2022	B6265	40	Evening	Speed cameras.
302	14/01/2022	Park lane	30	All day and night	Caneras or speed bumps
301	14/01/2022	Hainworth wood road	20	No all the time	Speed cameras
300	14/01/2022	The stretch of long lee lane Between the junction of Harden Road up to start of Thwaite Brow road		On and off through out the day when the Southams shop and long lee surgery is open	Cars drive on the wrong side of road to get nearest to the shop for parking, cars speed up and down to the surgery car park which is used as a drug pick up point, barriers which were originally used to close the car park at night and weekends no longer work, perhaps the surgery could invest in some sort of individual raised bollards. The soft speed bumps that are on Packwood Street would improve the area
299	14/01/2022	Hebden road		Evening and weekends	Speed cameras
298	14/01/2022	Upper Hird Street	20	Anytime	Cameras ,chicaneâ€™s, speed bumps.
297	14/01/2022	Skipton Road, Utley	30	No - all the time	Speed camera as you enter Utley, near rugby club.
296	14/01/2022	Denholme road Oxenhope	30	Morning afternoon evening	The whole of Denholme road is a race track by the lamb it's even 20mph, and it's ignored, at some point a walker who doesn't know the road is going to get injured. Speed bumps. Hedges cut on the corner by black moor road so if no speed bumps at least you can see the nutters coming if no speed bumps
295	14/01/2022	Ingrow Lane, From Halifax particularly round the first corner	20	Evenings	Speed camera before Queens Street junction. The speed limit has recently been reduced but the speed of cars has not. Many cars speed round that corner in both directions at well past the limit (when it was 30)
294	14/01/2022	Bracken bank ave	20	Evening	Speed bumps and warning signs
293	14/01/2022	Fell lane		Evening and weekends	Speed cameras
292	14/01/2022	Greenhead lane	20	Any time of the day or night	Speed cameras

291	14/01/2022	Bradford Rd at Riddlesden and the bypass		At night after 9pm and until early hours	Speed cameras on Bradford Road and the bypass.
290	14/01/2022	Ingrow lane	20	Evening	Speed cameras you've already put a reduced limit in and people are still driving around at crazy high speeds
289	14/01/2022	High street steeton	20	Morning,afternoon evening	Speed bumps
288	14/01/2022	Bradford Road, Riddlesden Bd20 5jh. From Granby Lane up the Crossflatts Roundabout	40	Throughout the day	Many elderly and children are accessing the footpaths and crossing this road throughout the day. There are public amenities accessed i.e primary school, East Riddlesden Hall, Coop, local newsagents to name a few due to which pedestrians are constantly around. However, the traffic can be busy and over the 40mph limit putting these pedestrians in danger. I feel measures like more pedestrian crossings i.e zebra, toucan should be implemented. Also reduces speeding by installing speed cameras. This is long overdue, fatalities and accidents can be avoided with these measures.
287	14/01/2022	Skipton road, between Clif castle and rugby club, the whole part of Utley is heavily affected	30	Evening, late night	Speed cameras as many as possible
286	14/01/2022	Bradford road, Riddlesden	30	After dark	Speed Cameras
285	14/01/2022	Spring bank rise	20	School runs and about 5pm	Speed bumps
284	14/01/2022	Spring gardens/ Greenhead road	20	Evenings mainly	
283	14/01/2022	Skipton Road Keighley. Stretch from St John's Road to Gallaghers undertakers.	30	All day and night over speed limit. Racers in the evenings and night	Speed cameras at both ends of the stretch.
282	14/01/2022	Blackhill /West lane from the tarn to the bottom of West lane	30	All day...worse at school pick up time / evening	Speed Cameras , my children walk to and from school on West lane , it is terrifying the speed of the cars that go past them every day.
281	14/01/2022	Keighley Road through Bogthorn	30	Any time	Traffic calming measures

280	14/01/2022	West Lane keighley all of the road from top to the bottom	30	All the time	I would like to see speed bumps and speed cameras put in place they are two schools nearby and its very dangerous . They is a crossing near olv school which I think needs sorting out as people park their cars on it .which makes it very dangerous to see and cross the road especially with young children in tow.
279	14/01/2022	Bradford road, B6265 - between Hard Ings Rd roundabout and East Riddlesden Hall 40mph speed limit marker	30	Evenings and weekends	<p>I would like to propose speed camera in 3 locations.</p> <p>Royd Ings Avenue - one camera looking east positioned after the junction and before the bus stop. Additionally one on the opposite side of the road looking west positioned outside 'Deli Lite'</p> <p>Bar Lane - one camera looking east positioned before Bar Lane outside 'Clean Scene'. An additional camera looking back west positioned directly opposite Bar Lane before the turning into the car park</p> <p>Kingsway - I'd like to propose two cameras in this location one looking east and west on the 40mph speed marker. Each speed camera would be set to their respective speeds 30mph and 40mph. This would prevent speeding into Riddlesden and out along the B6265 as is often the case.</p> <p>If you would like any additional support or consultation on the measures implemented along this route feel free to contact me. My background is in Architecture and Landscape planning where I have worked on highways projects in the past. My email is below</p> <p>jordan.cohen.cohen@googlemail.com</p>

278	14/01/2022	Greystones drive	20	All the time	Speed bumps are needed right up into the cul de sac as this is where they are speeding into then realising they can't get out this way. Children are always playing out in the cul de sac and it won't be long before there is an accident where a child gets hurt. We have tried numerous times to ask drivers to slow down and was hit with abuse and threats. It's not on at all we've spoken to the housing officer who isn't interested
277	14/01/2022	Lees lane Haworth	30	Most of the day	Signs that flash Visible speed checks
276	14/01/2022	Oakworth road, Westburn Avenue, Grafton Road	30	Post 8pm	Let's be honest, a large proportion of drivers drive above speed limits from time to time but the main issue is those drivers who are driving at speeds 20, 30, 40mph above the speed limit where it has become extremely dangerous should anything happen and it seems to be late evening and onwards when the roads are quieter. Mobile speed cameras, more police presence from traffic police, prosecutions of those driving dangerously and even seizing of the cars.
275	14/01/2022	Victoria road	20	Evening	
274	14/01/2022	Oakworth road	30	Early morning/late at night	More speeding cameras. There is a major problem up Oakworth road where a van parks most of the time obstructing a camera and also a view of car's coming down Oakworth road for residents coming out of Sunnyhill Grove. Very dangerous and scary
273	14/01/2022	Bracken Bank Walk	30	All day	Speed humps installed as a continuation of those already in place on adjacent Bracken Bank Grove.

272	14/01/2022	Bradford Road, Riddlesden	30	All times, overtaking at speed, night time racing	the issue we have is most of the problem drivers don't register there vehicle or have a licence and insurance. We need police involvement. Just last night there was a car racing around that was so loud, from Riddlesden you can hear cars screeching around the car park next to TK MAX, Halford etc. This is a weekly, sometimes nightly thing. Seems to be ignored by police. Cctv to catch them in the act
271	14/01/2022	Hanover Street	30	5pm-6pm	Speed cameras
270	14/01/2022	Oakworth Road (Between speed cameras)	30	Midnight, it literally turns into a racing strip	Speed cameras DO NOT work. They put their foot down and either go on the other side of the road or slam the brakes on to go past it then slam down again
269	14/01/2022	Bolton Road, Silsden	30	Most evenings	Speed cameras
268	14/01/2022	Oakworth road Bogthorn	30	All day	I would like a crossing point because it is very difficult to cross this road
267	14/01/2022	West lane from junction with oak worth road to blackhill tarn	30	Most times early morning and in the evening	Speed cameras, road humps from blackhill lane to tarn
266	14/01/2022	Parkwood Street	20	All day and Night every day	More speed humps that actually span the whole road. Speed camera and signs. And an actual police presence in the area.
265	14/01/2022	Skipton road Silsden	30	Morning and evening	Speed cameras
264	14/01/2022	Fell Lane	30	All day, everyday	Speed cameras
263	14/01/2022	Goose Cote Lane	30	Usually afternoon, evening and night	Speed cameras would be good, but maybe, 30 signs on the road, white lines or hashing down the middle
262	14/01/2022	Parkwood street	30	On and evening mostly	Any measures we can. I have seen that most of the traffic calming measures are at the top near the school. I'm a resident at the bottom and young lads race cars off the bypass onto parkwood street it's so loud!
261	14/01/2022	Haiworthwood Road	20	ANYTIME	SPEED cAMERAS
260	14/01/2022	Shaw lane Oxenhope	20	All day	Speed bumps
259	14/01/2022	North Street keighley through main traffic lights and pedestrian crossings and behind past cinema.	30	Usually from 6pm onwards	Fixed permanent cameras . More policing as it can be dangerous if you are trying to cross on the pelican crossing when one of these cars comes using it like a drag strip.

258	14/01/2022	North Dean Road Keighley	30	Evening	More police presence
257	14/01/2022	Fell Lane. Between The Three Horses and Prospect Mount	30	Most of day	Police presence. Traffic calming. (Restriction in road width)
256	14/01/2022	Kensington Street	30	Evenings	Speed bumps. Permit parking only. As there are speed bumps on all other streets people use Kensington Street as a shortcut to avoid them. There have been numerous crashes and numerous times our cars have been parked up outside our houses and people have crashed into them.
255	14/01/2022	Skipyon road near Utley	30	Mainly evening and through the night	Speed cameras
254	14/01/2022	Vale Mill Lane	40	All the time	Speed camera would be the best solution
253	14/01/2022	Dawson Road	30	All day and night	Speed bumps
252	14/01/2022	West Lane	30	All the time	Police action
251	14/01/2022	Scott lane up to Dunkirk rise		All day	Maybe the introduction of speed bumps
250	14/01/2022	Oldfield Lane		School start and finish	Reduce the speed to 20 miles until past the houses on either side and restrict the parking
249	14/01/2022	Road going into oakworth village	30	Evening	Speed cameras
248	14/01/2022	Oakworth Riad	30	All dat	Speed cameras until Oakworth village
247	14/01/2022	Skipton Road, Utley, Keighley	30	evening 7pm - 4am	Traffic Calming Scheme, with speed cameras.
246	14/01/2022	Skipton Road and Beechcliffe area	30,20	Mostly in the evening-night	Speed cameras, maybe speed bumps as well.
245	14/01/2022	Ashbourne Road/Queens Road	20	All day/night	Cameras
244	14/01/2022	Bradford Road A650	30	24 hrs a day	Speed cameras
243	14/01/2022	Skipton Road, Utley	30	Evenings	Speed cameras
242	14/01/2022	Skipton Road, Utley	30,40	Evening after 8pm	Speed cameras before 30th sign
241	14/01/2022	Skipton Road Utley	20	All day	Speed bumps and cameras
240	14/01/2022	Hebden Road	30	Evening	Speed bumps, police patrols
239	14/01/2022	Top of west lane towards the tarn before the speed limit changes	30	All the time no one sticks to the speed limit	Anything! I am sick of the speeding up here. My cat has already been run over due to this, I fear pulling out my road every morning as people fly round the corner at silly speeds. Speed camera would be the only way to stop this as I doubt anyone would care what another pointless sign says.
238	14/01/2022	Providence lane	30	All day	Speed cameras. Police presence

237	14/01/2022	Rawdon road haworth	20	Every day	Ramps to slow down, really bad speeding from bottom of park past haworth school and all along north Street and west lane haworth its a rat run, so surprised no child especially has been hurt or killed
236	14/01/2022	Granby Lane, Riddlesden	30	All day and often late at night	Reduced speed limit, speed bumps
235	14/01/2022	Braithwaite road	30	All the time but particularly bad in the evenings	Speed bumps, camera
234	14/01/2022	Morton Lane	20	Morning , afternoon , evening	Speed cameras are present but these are ignored. Speed bumps would help particularly at the top of Morton Lane where young children have to cross both before and after school.
233	14/01/2022	Fell lane between west burn avenue and Holme lane	30	From teatime yo early hours itâ€™s like a race track every evening	Speed cameras and speed bumps at top of road
232	14/01/2022	bridgehouse lane haworth	30	no	warning signs,
231	14/01/2022	Mill Hey Haworth BD22 8NA	30	All the time	Speed Camera or go slow signs written in the road
230	14/01/2022	Granby Drive	30	Anytime	Cameras, speed bumps
229	14/01/2022	South Street/Halifax Road	30	Evening and night	Speed Cameras
228	14/01/2022	North Street	30	18:00 - 03:00	Mobile speed cameras. Static units will not pick up the drug dealers, untaxed, uninsured, untested vehicles.
227	14/01/2022	Whin knoll ave	30	Dinner time after 5 and weekends	Any kind of calming but round by us they donâ€™t care about speed bumps they still fly over them down Devonshire street
226	14/01/2022	Park Lane	30	All the time	Speed Cameras as there is already slow down signs that people seem to bypass
225	14/01/2022	Greystones mount	20	All the time	We already have signs there are bumps up other streets leading up to ours but cars still speed up and down bracken bank with the bumps or not
224	14/01/2022	Braithwaite Road (West Lane - Laycock)	30	0:00 - 23:59	Mobile speed cameras. Static units and warnibg signs will not achieve anything, including spotting untaxed, untested and uninsured vehicles or spotting the frequent drug dealers.
223	14/01/2022	Bradford Road from keighley to crossflatts	40	Evening/night	Speed cameras. More work to stop racing

222	14/01/2022	Jain life road		Evening	Speed bumps
221	14/01/2022	West Lane (entire lengrh)	30	0:00 - 23:59	Mobile speed cameras. Static units and warning signs will not achieve anything
220	14/01/2022	Fell lane	30	All day	Speed bumps or camera
219	14/01/2022	Oakworth Road from fell lane up to Oakworth co op	30,20	Mainly evening and through night	Cameras actually turned on. Even a speed camera van???
218	14/01/2022	Granby Drive	30	Evening and weekends	Speed bumps
217	14/01/2022	West Lane	30	Afternoon,Also Evening,s	Speed Cameras,Police Presence.
216	14/01/2022	Ingrow Lane	20	All day	A pavement for pedestrians as itâ€™s unsafe & speed bumps. School children have to walk up and down this road and itâ€™s an accident waiting to happen. Currently there is contractors repairing the walls on this road because drivers have hit the wall through speeding. What if a child would have been hit. At the very least this road needs a pavement.
215	14/01/2022	Parkwood Street	20	All day every day	Cameras and warning signs
214	14/01/2022	Selborne Grove	20	no particular time	20 mph imit only recently introduced. No visible effectfrom this. A couple of humps would help.
213	14/01/2022	Vale Mill Lane, Haworth (From Longacres Estate to Lees Lane	30	Weekends are the worst	Not sure what can be done but would like to point out the â€œwhen lights are flashing â€œ school sign at top of Vale Mill Lane has no lights!!
212	14/01/2022	Skipton Road Utley	30	Nights Evening but you still have them during the day too	Speed cameras put up or speed bumps
211	14/01/2022	Redcliffe street keighley junction with cartmel road	20	Evening	Speed cameras
210	14/01/2022	Hainworth Wood road	30	Evening	Speed bumps

209	14/01/2022	Braithwaite edge road	30	All day every day	I would like to see speed bumps put in place and have it changed to a 20mph zone. The road is far too narrow for it to be a 30mph road with a blind corner half way down the road. All day you get people using it as a short cut to get up to the tarn or have drug dealers flying up to deal drugs at the top of the road. Another thing that will limit the speed is to stop it being a through road and make the road a cul de sac. I know that speed bumps are on the expensive side so this would be a more cost effective way as people who live on the street do not tend to speed.
208	14/01/2022	Keighley road oakworth	30	Evenings boy races	Speed cameras as there is 4 on oakworth road below Keighley road
207	14/01/2022	Skipton Road Utley Bd20 6dt	30	Evening	Speed cameras
206	14/01/2022	Nessfield road and Nessfield Drive	20,30	Mainly school times	I would like the speed limit to be reduced to 20mph this is the only school in Keighley that is not a 20mph zone and the road is narrow with a 90 degree turn. I would also like double yellow lines around the 90 degree bend as parents park around the corner and on the pavement forcing children into the road on a blind corner where people are speeding around.
205	14/01/2022	West Lane from car wash to top of West Lane	30	All day	Speed cameras
204	14/01/2022	PROVIDENCE LANE OAKWORTH	30	All the time	Speed cameras or community speed watch
203	14/01/2022	Blackhill Lane from Redcar Tarn to West Lane	30	All day but worse at night people raceing	Cameras and speed bumps
202	14/01/2022	Camborne way	30	Can be anytime	20 MPH introduced plus warning sign initially
201	14/01/2022	Haworth road , flappit junction	40	Always	Speed cameras ,humps , police presence , speed trap anything to slow the road down
200	14/01/2022	Barrows Lane Steeton	20	Evenings	Speed cameras
199	14/01/2022	Bradford Road riddlesden	40	Evening	Speed cameras would be great
198	14/01/2022	Highfield road	20	All day but worst in evenings	Speed cameras warning.

197	14/01/2022	Whin knoll ave..	30	All the time .. rat run to black hill	speed bumps or a narrowed part of road at three places . But not to harm parking or driveways . People speed up this road when we reverse off our drive ways. Or even overtake. Please help been asking for 20 years now
196	14/01/2022	Fell Lane.	30	Evening is worst but all day	Speed cameras.
195	14/01/2022	West lane from shann lane junction down to north dean road	30	Evening but generally most of the time	Speed camera
194	14/01/2022	Coney Lane up to Southams Shop Thawaites Brow. Longlee Lane and past pArkwood. Very dangerous bends speed should be much lower than 30. People speeded down the hill. Very dangerous bend approaching PArkwood.	30	All day everyday	Reduce speed to 20 and definitely need a speed camera.
193	14/01/2022	Parson Street	30	All day	Speed Cameras, extremely dangerous, drivers racing day and night. Unable to let children out of sight for a minute.
192	14/01/2022	North Street between Sandywood Street and Holker Street.	30	Evening after 7pm	More traffic police or speed cameras
191	14/01/2022	Calton Road, Long Lee BD21 4UR	30	School Rush hours Am & Pm times	Speed Camera Vans From time to time it's a rat run to the twinned then to Thwaites Village mums race up and down because they are late to pick up or drop of at school. Some are verbally abusive
190	14/01/2022	Bradford Road Riddlesden	30	After 19.00	Police speed checks
189	14/01/2022	Ingrow lane, bd22 7bl area	20	Evening	Speed cameras and warning signs. Drivers speed past not even stopping at the mini roundabout onto bracken bank. Then panic when vehicles come adjacent way causing near accidents. Obviously next to a school. Not the way to drive near any school.
188	14/01/2022	Exley Road	20	Usually when kids are going to school and coming home	Warning signs, cameras
187	14/01/2022	West Lane	30	Evenings, throughout the night	Police action

186	14/01/2022	Bypass off airedale rd near strongclose nursery school		Week days school times	Crossing of some sort, speed cameras
185	14/01/2022	long lee lane keighley	30	all hours	need more police to make sure that the speed limit is enforced
184	14/01/2022	North Dean Road	30	Evening	The kind of speed bumps that go from kerb to kerb, like they have on Highfield lane
183	14/01/2022	Coronation way	20	All day long	Speed bumps
182	14/01/2022	West lane	30	All the time	Whatever is necessary , but tougher sentences/fines / vehicle confiscation/ for repeat offenders.
181	14/01/2022	Chaple Lane laycock	20	Afternoon evening	To be honest it's a lot of antisocial people taking drugs and drinking up at the top of back Lane then race down chaple Lane and the village of laycock where the school is i have seen speeds way over 70 mph in the village they don't care
180	14/01/2022	Bogthorn, Oakworth Road from Oakbank School to Oakworth	30	Evening and nighttime, weekend days and	Fixed speeding cameras that operate 24/7
179	13/01/2022	West Lane. Specifically near guardhouse Road/ OLV school.	30	Afternoon	Speed camera or speed bumps at the least.
178	13/01/2022	Broomhill area		All day every day	Speed bump Speed limit signs Prosecution for speeders
177	13/01/2022	Mill hey haworth	30	Evenings around 6-9pm	Speed checks and cameras
176	13/01/2022	Bar house lane	30	Morning, afternoon, and any time in between	Speed cameras, or anything that will slow people down.
175	13/01/2022	Laycock Lane and Back Lane	20	Any time	Speed cameras
174	13/01/2022	Cartmel Road by the school	30	No exact time	Police patrol during school times. Also after 5 where there is drug related activities happening
173	13/01/2022	Dunkirk rise and western avenue		Late afternoon and evening	Speed bumps may slow them down with all the cars parked and sometimes on the pavement the bus drivers must hate driving up here
172	13/01/2022	Low spring road just off the twines	30	Morning and evening	Speed of road changed and bumps as it's a fast drag rat run
171	13/01/2022	Parkwood street	20,30	All the time but mostly evenings weekends	Speed bumps have just been put in but they don't slow down even at school times

170	13/01/2022	Barrows Lane. Whitley Head.	30	Morning. Teatime. Evening	Anything to slow traffic and restrict the number of cars, vans etc using what is essentially a country lane. Many drivers are unwilling or indeed not capable of reversing or otherwise manoeuvring in order to pass another vehicle. The road is narrow and bordered by stone walls and there are often collisions, potentially there could be serious accidents. In addition pedestrians are in danger of being hit by traffic which does not slow down. The edges of the road are also so littered with dead leaves and in places by brambles and nettles that pedestrians cannot walk safely at the edges.
169	13/01/2022	From Moss Carr to Glen lee lane and Harden Rd to long Lee lane, down towards town and back up the hill.	30	People speed at all times on these section	Speed Cameras
168	13/01/2022	Lidget approaching roundabout by school.	20	Always	Cameras
167	13/01/2022	Town centre		All the time ! North street especially	Cameras bumps ??
166	13/01/2022	Glen Lee Lane	20	All day	Any kind of measure to help reduce the level of speeding on such a narrow lane, especially HGV's which pose a serious threat.
165	13/01/2022	Hainworth Wood road	30	All the time	More warning signs or more speed bumps around spring bank rise on Hainworth wood road
164	13/01/2022	Long Lee Lane/Park Lane, Long Lee	30	Peak times	SID
163	13/01/2022	Fell Lane by Holme House Road and further out on Holme House Lane	30	Evenings and weekends	Speed cameras or traffic calming (sleeping policeman)
162	13/01/2022	Aldi	30	No	I would like to see filter arrows on the traffic lights as you have cars turning right from aldi into cars turning left from Cavendish Street. This is a breach of traffic laws and the highway code having two way traffic both turning into each other
161	13/01/2022	Staveley road	20	Morning & afternoon	Speed cameras
160	13/01/2022	Woodhouse drive	30	All the time	Big rubber speed bumps

159	13/01/2022	Most roads in KEIGHLEY		All day	More police presence
158	13/01/2022	West Shaw Lane, Oxenhope	40	Consistently	Speed limit of 40 is excessive given narrow road and inability to see around bend you are coming towards Oxenhope from Stanbury direction - limit should be reduced to 20mph, with appropriate signage and awareness for drivers.
157	13/01/2022	West Shaw Lane	40	All the time	Reduce the speed limit, slow signage on the tarmac due to bad bends and very narrow (no footpaths)
156	13/01/2022	Shann Lane, BD20 full length.	30	Morning and Evening work times, but also at almost any time as the road has become a "Rat Run". We also often see teenagers on motorbikes without helmets behaving like hooligans.	SID warning signs along with Police presence and prosecutions, but NOT more speed bumps which are very damaging to cars and tend to only slow down the more responsible drivers.
155	13/01/2022	Laycock Lane	20	All times	Speed cameras
154	13/01/2022	Chapel Lane, Laycock	30	All times	Reduce the speed limit to 20 miles per hour. Speed cameras
153	13/01/2022	Bogthorn	30	All times of day and days of the week	Traffic calming measures.
152	13/01/2022	Arctic Street, from Skipton Rd to Pattie St / Skipton Road (Beechcliffe / Utley)	30	10pm - 4am	Speed cameras on Skipton Road Speed bumps on Arctic Street
151	13/01/2022	Back Lane and Laycock Lane	20,30	Every day, all day and late at night	Back Lane could be gated and Laycock Lane I don't know what the answer would be as I feel the speeding traffic would not take any notice of either cameras or SIDs

150	13/01/2022	Laycock lane	20	Early morning, and evenings, but is often during the day too (delivery vans/taxis etc)	Do not want speed bumps, prefer average speed camera from both ends of the village. And closure of back lane so that cannot be use as an alternative exit Also a campaign to target "professional drivers" to adhere to the speed limits (ie people who's job it is to drive - taxis, delivery drivers etc
149	13/01/2022	Corner of Oakworth road and wheathead lane	30	Early hours of the morning	Speed cameras or speed bumps We have in the past had cars crash into our house.
148	13/01/2022	Shann Lane, particularly between the two bends, and into West Way	30	All day but 'boy racers' particularly noticeable late afternoon/early evening and at any time at the weekend	For the council and police to actually act upon our concerns before a child is knocked down or someone is seriously injured in the frequent collisions with walls etc and near misses with other vehicles. There are supposed to be plans for traffic calming measures (not speed bumps please) but they are not realistic and appear to be dependent on housing developers... we've been waiting several years! I've spoken to the police, Bradford highways (email), our local MP, but to no avail. Our neighbourhood watch even volunteered to use speed watch instruments but there were no police available to support us! A frequent presence is required at different times of the day to monitor and apprehend those who drive at excessive speeds thinking they can get away with it because it is a road on the edge of town and it isn't monitored in any way.
147	13/01/2022	Braithwaite avenue	20	All day	Speed camera. 20mph signs to remind people
146	12/01/2022	Exley Rd	20	Afternoon into late Evening	LTN speed cameras speed ramps police enforcement
145	12/01/2022	Shann lane		No	Speed ramps
144	12/01/2022	Laycock Lane	20	Early evening. Especially weekends	Speed cameras
143	12/01/2022	West lane keighley	30	All day	Speed camera

142	12/01/2022	Laycock Lane & back Lane laycock	20	All day	Speed camera Speed bumps
141	12/01/2022	Laycock	20	All times	Average speeds cameras before somebody is killed, daytime speeds are 30-50mph whilst night times double this.
140	12/01/2022	Back lane, extension of Chapel Lane bd22 0ph	30	All times, more common evenings, weekends , holidays	Speed cameras, warning signs, road closure to through traffic.
139	12/01/2022	Laycock Lane	20	School times	Speed camera
138	12/01/2022	Lawkholme lane and environs	20,30	Constantly!	Speed bumps already in place with little effect. Cameras might help? Parking is also a huge issue - now McDonalds do deliveries, drivers park right up to the junction which is already tricky to get round. Cars often double park or illegally park blocking access. Cars park by crossing patrol person's patrol area causing risks to children crossing to get to/from school. Cars with loud exhausts are often heard speeding up and down particularly late pm and into the evening.
137	12/01/2022	Laycock Lane	20	Any time of day or night. Main problem times are rush hours, school drop off and pick up and speeding/racing cars at night.	Speed cameras. Closing off back lane, except for access eg. Farmers, emergency vehicles.
136	12/01/2022	Laycock Lane	20	Can be any time of day. Not usually when school run is on	Cameras followed by effective punishment those caught speeding.
135	12/01/2022	Back Lane, Laycock	20	Evening and night	Block off Back Lane to traffic - accessible by farm vehicles and pedestrians only
134	12/01/2022	Whin knoll Avenue	30	All day every day	Speed limit should be 20mph continuing from highfield lane and speed bumps on the Avenue too or a speed camera.
133	12/01/2022	Laycock Lane, through laycock	20	All the time	Speed cameras, more warning signs. Speeders cars crushed like flytippers.

132	12/01/2022	Shann Lane, Keighley	30	Mornings and afternoons-going home times for schools & work	Installation of the planned speed restricting Islands & Speed humps
131	12/01/2022	Shann Lane	30	All day but especially at night	People seem to think the road is a 40. Better / more clear signage would be helpful
130	12/01/2022	Oakworth Road at junction of Tim Lane and Mount View	30	Sever blind corner and cars speed down.	Warning sign and Blind spot road mirror to Improve visibility.
129	12/01/2022	Ingrow lane	20	Evening's speed cameras	
128	12/01/2022	Fell Lane	30	Evenings and nights	Speed cameras
127	12/01/2022	Glen Lee Lane	20	Anytime of the day	
126	12/01/2022	fell lane	30	evenings	speed cameras
125	12/01/2022	fell lane	30	mainly evening	speed cameras
124	12/01/2022	Alice street	30	Throughtout the day	Speed cameras and a crossing outside or near central hall
123	12/01/2022	Whin Knoll Avenue	30	13:00 to 03:00 is the most common time period	Tabled speed calming or camera's

122	12/01/2022	Dalton Lane	30	<p>All times of the day. Evenings and night-times on weekends can prove particularly bad - can be like a race track with very high speeds.</p>	<p>Issues with Dalton Lane are multi-faceted:</p> <ul style="list-style-type: none"> â€¢ High speeds of many vehicles along the length of Dalton Lane from Keighley College all the way to Wenning Street at all times of the day. â€¢ Many dangerous overtaking of vehicles turning into junctions by other vehicles. <p>Parked vehicles blocking views down the road and creating obstructions to other vehicles and pedestrians add to the hazards created by speeding vehicles.</p> <p>In particular:</p> <ul style="list-style-type: none"> â€¢ Parked vehicles on the opposite side of the road to the junctions with Riverside and Dalton Lane, and Worth Bridge Road and Dalton Lane. â€¢ Many parked vehicles belonging to a local garages awaiting servicing, repair or restoration adjacent to Worth Bridge Road. â€¢ Parked vehicles parked close to De Cafe. Many perform U-turns in front of traffic. â€¢ Vehicles turning in and out of the junctions of Park Terrace, Brewery Street, Frederick Street, and Chatsworth Street. â€¢ Vehicles turning in and out of the Dalton Mill complex. <p>Solutions</p> <ul style="list-style-type: none"> â€¢ Fixed speed cameras at the junctions
121	12/01/2022	Westburn Avenue, and Nessfield Drive	30	All times of day, and especially at school time	I think 20 mph limit, and some big speed bumps like they have just put in at Ingrow Lane across the whole road would force people to slow down, nothing else would work.
120	12/01/2022	Greenhead Lane	20	All day but particularly at peak times	<p>Speed cameras</p> <p>There are schools within the local area hence 20mph speed limits but very few drivers observe the limit</p>
119	12/01/2022	Bradford Old Road,Sandbeds to Keighley,this Kly East ward.	40	Anytime,but early evening till late.	Speed cameras,speed watch group, police presence etc.

118	12/01/2022	North street	30	Friday afternoon and Saturday afternoon	Speed cameras , cameras on traffic lights as cars switch lanes and speed up to get in front of other vehicles . Also drivers on North street drive through the traffic lights on red . It's a relief to get to Cliffe castle on a Friday pm whilst driving home as cars come out from all adjacent roads , it's chaos . We need police patrol vehicles on the main roads in Killy town centre .
117	12/01/2022	Bradford Road between Riddlesden Hall and roundabout near B&Q retail park	30	All times of all days	Speed cameras. There are already electronic speed signs
116	12/01/2022	Oakworth Road through Oakworth	30	Evenings	Speed cameras
115	12/01/2022	Oakworth Rd, Bogthorn	30	All day but increasingly bad at night	Speed cameras, permanent & mobile as deterrent plus where there are already speed cameras further down, for these to be active
114	12/01/2022	Riddlesden - Granby Lane - Banks Lane - Ilkley Road	30	Most of the time	I have already requested to highways (last year) that these roads become 20mph zones but had no response. There are a lot of parked cars and tight bends. Need to stop people driving so fast as it's dangerous to other drivers, pedestrians and animals. Cats, birds and hedgehogs are often run over and people take their lives in their hands walking along these roads.
113	12/01/2022	West lane, High Street & North Street	30	All day	Speed cameras, bumps throughout the centre and an actual police presence would be good. So many near misses all the time and very little seems to get done about it. Certain drivers are quite literally treating Keighley as a race course, driving with no regard for other road users and creating an immediate danger to pedestrians on a daily basis.
112	12/01/2022	North st		Evening	Speed cameras
111	12/01/2022	West lane between guardhouse road and Whin Knoll , also Highfield road	30	Afternoon/evening	Someone to take action , cameras in place in West lane and are ignored
110	12/01/2022	West lane	30	All the time	Speed cameras, mobile speed cameras. More signs anything to get people to slow down
109	12/01/2022	Station road/Park avenue	20	No	Ramps /camera

108	12/01/2022	Prospect mount	30	Evening	Speed bungs
107	11/01/2022	Lidget	20	All the time	Speed cameras
106	11/01/2022	From Oak bank school all tge way through oakworth	20,30	All times of the day. I have been overtaken 5 times in the past week while sticking to speed limit	
105	11/01/2022	Fell Lane. From bottom all the way through to Newholme	30	Any time of day	Speed cameras, some kind of warning about pedestrians on the back road. National speed limit on there and in icy/rainy conditions people continue to do this speed which is scary when walking on there with our dog and baby in his pram
104	11/01/2022	Oakworth Road	30	All the time	Police speeds traps. Unmarked vehicles
103	11/01/2022	Long Lee Lane	30	All the time	It's not just the speeding, it's the really loud exhausts from these cars. Sometimes you can hear them before they even get into long Lee! At 4am it's just not acceptable. Patrols would be good and maybe a confidential dob in a loud or speeding car webpage.
102	11/01/2022	Fell Lane/Oakworth Road area		Evening and later in to the night	Speed cameras ending with fines etctraffic calming measures.....I live up from old Bradshaw school site and most nights it's so noisy they can be heard over the TV. It's so loud it sounds like a race track only a matter of time before somebody is hurt or there's a fatal accident
101	10/01/2022	Keighley Road, Bogthorn	30	All times of the day	Speed cameras and speed bumps
100	10/01/2022	Providence Lane	30	Evening and weekends	Install speed cameras
99	10/01/2022	Goose Cote Lane	30	All day	SID warnings Central islands or road narrowing /priority lane access
98	10/01/2022	Low Bank Lane BD22 7PJ		Any time day or night but worse during darkness	Anything to stop people driving too fast such as cameras
97	10/01/2022	Oakworth Road the part near Westburn Avenue specifically	30	Evening, always really late about 10pm to 12pm and it sounds like cars racing.	Speed cameras are there but I am not sure they work
96	10/01/2022	Westburn Avenue BD22 6LF	30	Day and night	Speed bumps. 20mph limit. Mobile speed cameras. Traffic calming island.

95	10/01/2022	Bogthorn (Keighley Road)	30	Evenings particularly but most of the day	Speed Cameras. There are 5 speed cameras between town and Exlwy Head , but none after that into Oakworth which makes the road into a racetrack. Occasional mobile speed camera may help too.The section of road has had 3 serious accidents in a 4 day period leading up to Christmas one of which had a fatality.
94	10/01/2022	Harewood Road	30	All day and night	Cameras speed watch
93	10/01/2022	Westburn avenue	30	Mostly evening weekend days and evenings	High Speed humps the ones that go full width of the road and high enough to slow vehicles diw considerably.
92	10/01/2022	Lidget, Colne Road , Station Road, Oakworth	20	All day	Speed cameras.
91	10/01/2022	Oakworth road near bogthorn	30	Anytime of day	Speed cameras
90	10/01/2022	Wheathead Lane	30	Various times day and night	Speed cameras or speed bumps
89	10/01/2022	Station Road Oakworth	20	Mornings, afternoons, evenings, night	Speed bumps or cameras
88	10/01/2022	Station road, BD22	20,30	Evenings &&; During the night	Speed cameras and ramps installed.
87	10/01/2022	Keighley road	30	Evenings &&; During the night	Speed cameras &&; ramps situated toward Oakworth. There were three collisions in Dec 21 alone, one involved a fatality and the other a multi car pile-up.
86	10/01/2022	Long Lee Lane leading uphill to junction with Harden Rd, postcode area BD21 4RS.	30	anytime but mostly late afternoon onwards	reduce speed limit to 20. speed detection device - to replace warning speed light does not appear to have much impact-to be sited lower down road in order to be effective I have raised concerns about safety at this junction previously. car drivers do not seem to slow down enough . It is even more dangerus now that there is more roadside parking near the junction.

85	10/01/2022	PARK AVENUE/STATION ROAD OAKWORTH		All the time	We have 20 mph signs...they are ignored. Speed bumps would slow the cars down. There is a school and the Co-op at the top of the road and cars are constantly going at ridiculous speeds.
84	10/01/2022	Fell Lane to prospect mount	30	All day	Speed camera
83	10/01/2022	Station road	20	All times day and night	More of a deterrent as the signs don't work! Speed humps going down the left carriageway or cameras. There is a school at the top of this street with many parents parking right down station road, and I have witnessed on dozens of occasions children nearly get run over by speeding drivers.
82	10/01/2022	Oakworth Social club to Lidget	30	Rush hour 5 to 7 pm	20 mph limit on this stretch of road
81	10/01/2022	Lidget, Oakworth	20	Middle of day and night are the worst times when less busy but basically any opportunity is taken	Speed cameras
80	10/01/2022	Dawson Road		All the time	It to stop It's like a race track
79	10/01/2022	Hainworth lane	30	Rush hour traffic it worsens but generally most cars using the road as it is used as a short cut to get away from traffic they seem to think its a necessity to drive faster.	Speed bumps from Halifax road up to approaching / joining the cobbled road.

78	10/01/2022	Keighley Road- running parallel with bronte drive (scene of the of the early morning crash 3:30>	30	All the time	I live on Woodview - I emailed Robbie Moore late October regarding speed of vehicles outside my cottage and that someone will end up getting killed. On the 14th December this happened, An 80 years old man was knocked down crossing the road to post his Christmas cards. I've have already had a meeting with Robbie Moore - Councillor Walker - concerned residents about the speed of vehicles. Mr Moore has wrote to Kersten England Chief Executive of Bradford Council & Simon D'Vali Principal Engineer to request a meeting to request a meeting on stie (Woodview /Keighley Road) to discuss what measures can be taken to prevent or limit speeding.
77	10/01/2022	Fell Lane	30	Evenings mostly but going up past Fredâ€™s shop can be any time during the day.	Speed Camera. The idiots that drive at speed up here are not concerned by warning signs or humps.
76	10/01/2022	Main road through Oakworth	20	all day	Flashing speed limit signs and certainly more visible signs. Mobile speed camera on a regular basis
75	10/01/2022	Ingrow lane	20	Most the time but mostly evenings	Speed ramps as speeding limit has not made any difference.
74	10/01/2022	Mytholmes Lane/ providence lane	30	All times of the day	Speed cameras

73	10/01/2022	Colne road oakworth	20	Constantly . Once drivers have navigated The corner by Providence lane it becomes a section of straight road and they accelerate to the next corner by the Church . The pavements is narrow in places and sue to social distancing pedestrians are forced into the road to allow each other to pass . This is creating a hazard when drivers are speeding . Crossing the road at any pint on that stretch is very risky . Itâ€™s the main route to school from the top of the village and many parents with young children and prams are seen trying to navigate the pavements and cross the road .and	SID signs would be a good start . Iâ€™d also like to see if the two people in the village with really loud exhausts who speed up and down could be warned or caught speeding .
72	10/01/2022	North street	30	10pm-5am worse thurs fri saturday, particularly when nightclub open on end of street	Any deterrent, it is the same cars and a motorcycle week in week out, skid marks have been on road a few times from slamming breaks on at speed only a matter of time before a crash or pedestrian hit
71	10/01/2022	Westburn ave	30	Evening	Speed bumps
70	10/01/2022	Bogthorn area, Oakworth Road between ingrow lane and goose cote lane	30	Evening, early hours of the morning, weekends	Speed cameras or speed bumps
69	10/01/2022	Exley road	20	8-9 , 3, 5-6:30	Bumps
68	09/01/2022	Mackingstone Lane, Cure Hill, Slack Lane, Slaymaker Lane.	30	24-Jul	Cameras, more warning signs. Very busy with walkers, lots of accidents and near misses.

67	09/01/2022	Keighley rd , Bogthorn	30	All times of the day but particularly in the	Speed calming (speed bumps)
66	09/01/2022	Exley road from the top to the bottom	20	Evening	Sleeping police men
65	09/01/2022	Exley road	20	Typical rush hours	Warning signs, road markings and speed reduction methods I.e. road narrowing or road humps
64	09/01/2022	Wheathead Drive	30	All day and all night	Speed bumps - it's like a race track and a lot of elderly people live here.
63	09/01/2022	Fell lane	30	All day	Speed camera
62	09/01/2022	Nessfield Drive		Any time through the day	Police presence
61	09/01/2022	Station Road	20,30	All day every day	SID warning. Speed bumps
60	09/01/2022	South Street	30	Late evening/night	Anything
59	09/01/2022	Nessfield Drive, Keighley		Any time	Speed cameras and more police presence
58	09/01/2022	Mackinstone lane, and cure hill and Slaymaker lane Oakworth		7.30am to 7.00pm Monday to Saturday and 11.am to 5pm Sunday's	Currently, Slaymaker lane, slack lane, Mackinstone lane, and cure hill Oakworth, are used as rat runs by many drivers trying to avoid Oakworth road traffic congestions and speed cameras. I live at the junction of the 4 lanes mentioned. Over the years I have had to call emergency services to 5 different serious car crashes at the junction. On 3 of those occasions, a vehicle has hit my house, missing the gas pipes by inches. i would like to request that rumble strips or speed humps be used near Slack chapel, on mackinstone lane, and Reduce the 30mph signage to 20MPH speed limit from Slack chapel Mackinstone lane Oakworth, continuing past the cottages on the left at the junction, to cure hill towards oakworth village. Also reduce the current 60mph speed limit along Slaymaker lane oakworth, to 20mph towards the junction and across towards slack lane. any reduction of speed would be welcomed by my family, and the many walkers, sightseers, horse riders, and residents of this particular area.

57	09/01/2022	Providence Lane particularly the section towards the bottom of the hill along Hebble Row	30	All day but in the evening and night we hear cars at the fastest speeds	Reduce the width of the road outside the houses to single lane, with reduced speed limit of 20mph and directional priority and provide a pedestrian crossing. Crossing the road near the houses is difficult.
56	09/01/2022	Goose Cote Lane next to Bracken Bank Avenue	30	All day	Speed bumps
55	09/01/2022	Oakworth Road and Exley Mount	20	Evenings / nights	Speed cameras , speed bumps .
54	09/01/2022	Wheathead Lane between junction with Oakworth Road and Wheathead Drive and Oakworth Road from last speed camera by Sunny Hill Grove up towards Keighley Road and Beyond	30	Evenings mainly	I do not agree with traffic calming measures such as speed cameras, bumps or signs because they only penalise the majority of the law abiding drivers who use these stretches of road for the rest of the time. Plus I'm not sure how much of a deterrent they would be, potentially a waste of tax payers money that could be better spent elsewhere and they'd just move the problem elsewhere. I would like to see the route of the problem tackled - deal with the drivers who are speeding and breaking the law, putting people in danger. It's not clear to me why these drivers are using these routes to speed on at the times that they do. Do something about the drivers and/or their cars!
53	09/01/2022	Fell Lane		Evening	20
52	09/01/2022	Fell lane, near Fred's Shop	30	Evening	Speed cameras.
51	09/01/2022	Bogthorn to Oakworth.	30	Early evening till morning. Speed	Speed cameras and more of a Police presence around the town in general.
50	09/01/2022	Bradford Road Granby Lane onwards towards Bingley	40	After 9.00pm	Speed cameras and police presence
49	09/01/2022	Fell lane	30	Morning and evening	Sid warning signs
48	09/01/2022	Harehills Lane, Oldfield Keighley		Morning, afternoon, evening	Speed cameras, lower the speed as currently 60mph and alot of vehicles go faster, I live local and on foot its dangerous, and horse back even worse and can't walk, Something has to be done on this stretch of road.. So Many accidents!! Certain points are narrow, blind it's absolutely dangerous..

47	09/01/2022	Providence Lane, Oakworth	30	Certainly evenings and weekends. I'm at work in the daytime so can't comment about daytime.	We already have the boards that light up tell you the speed limit if your going over it. They are next to useless. Speed cameras down between Hebble Row and Providence Crescent would hopefully help. Our parked car was destroyed by a car being driven up Providence Lane at 75mph on the wrong side of the road which then hit an oncoming car as it spun up the hill. Another alternative would be speed reduction bumps or chicanes along the road to make traffic slow down.
46	09/01/2022	Keighley Road between Oakbank & Oakworth	30	Any time	Cameras, traffic lights
45	09/01/2022	Westburn Avenue	30	Late afternoon/evening	Reluctantly speed bumps. Sadly think this is the only way to reduce their speed!
44	09/01/2022	Colne road Oakworth	20	Afternoon, evenings	SID warning light, roundabout at the top of Providence Lane
43	09/01/2022	Goose Eye		Most of the day. Evening and nights more so	Traffic calming measures such as speed bumps in road, however this may affect the very popular tour de Yorkshire cycle event that used to happen every year. There is no pavement on either side outside the Turkey Inn, it's a blind corner if travelling towards Laycock, and there is just about room for two cars to pass. As a Goose Eye resident I always fear for me and my family walking through the village due to the levels and often speeds of the traffic.
42	09/01/2022	Oakworth Road	30	Night	Speed cameras in Bronte area. Police patrols the length of Oakworth Road
41	09/01/2022	camborne way	30	evening	speed bumps
40	09/01/2022	Westburn Avenue	30	Evening and weekends mainly.	Speed cameras
39	09/01/2022	Westburn Avenue	20	Afternoon and evening all week	Speed cameras
38	09/01/2022	Bracken bank crescent	20	All different times	Residents only

37	09/01/2022	Lidget, Oakworth	20	School drop off and pick up times are a particular problem, but speeding often occurs when the road is quieter.	Speed cameras in both directions
36	09/01/2022	Keighley Road, Bogthorn	30	All day every day	Speed bumps to physically slow drivers down
35	09/01/2022	Whin knoll ave	30	After 5 and weekends but busses have been know to speed down too	Whatever works be it bumps or some other calming traffic solution
34	09/01/2022	Colne road and Provenance lane	20,30	All day, ever day	Traffic calming, speed cameras and the 20 miles per hour down to 15 and extend as far as possible on all roads around Oakworth.
33	09/01/2022	Wheathead Lane	20	At all times of day and night	Speed cameras
32	09/01/2022	Grafting Road/Upper Hird Street/Broomhill Avenue	30	Mainly evenings	Speed cameras more police stops
31	09/01/2022	Oakworth road bogthorn	30	All day	Speed cameras, there has been several accidents in which there were two in one week where a pedestrian was killed,
30	09/01/2022	Camborne way,Keighley		All day and night	Bumps. You were told this would happen if those houses were built. Its dangerous
29	09/01/2022	Wheathead Lane	30	All the time	Speed humps
28	09/01/2022	Wheathead lane	30	No	Speed bumps
27	09/01/2022	Fell Lane - especially from Fredâ€™s to high fell rise	20	All the time - itâ€™s a a joke	Speed cameras and traffic calming measures. Please deal with all traffic issues I. Keighley - speeding parking complete ignoring of road rules and traffic regs - absolute joke
26	09/01/2022	Lidget, Oakworth	20	Most of the time but can get really bad after 7pm	Large Speed bumps it's going to be the only way to slow people down, the 20mph speed limit is a joke no enforcers it and even the bus's ignore it. I've been a resident of Lidget for 30 years and it's now 1 of the reasons I'm selling my house.
25	09/01/2022	Wheathead Lane	30	Evening	Speed humps
24	09/01/2022	Westburn Avenue	30	Evenings and nights	Speed cameras, Speed monitoring, speed bumps - anything to assist really
23	09/01/2022	Westfell road	30	Evenings and weekends	Chicane,
22	09/01/2022	Oakworth road/bogthorn	30	Eve/night	Speed camera

21	09/01/2022	Queens Road Keighley	20	after 11 pm to 4 am	police presence
20	09/01/2022	Wheathead lane	30	All the time	Speed bumps
19	09/01/2022	Westburn avenue	30	All day especially after 6	Speed to be reduced to 20 and speed bumps
18	09/01/2022	Out side lees Primary School ,Crossroads	30	All times	Speed camera. Note this location has a history of crashes and pedestrians been run over. Indeed not so long ago a teacher from the school was run over.
17	09/01/2022	Halifax Rd between the Crossroads pub and sudgen end tip. in the direction toward the tip.	30	All times	Road safety camera van.
16	09/01/2022	Lidget and through the village oakworth	20	Every evening	Speed cameras or speed humps
15	09/01/2022	Holme House Lane between Mackinstone Lane and Fell Lane	40	Evening and weekends	Although it is a national speed limit road along its length, the road conditions are not suitable for such high speeds at all sections. I feel that there should be reduced speed limits on some sections and signage to indicate concealed entrances.
14	09/01/2022	Providence Lane Oakworth	30	All day every day!	Speed cameras. We already have a flashing sign thing but itâ€™s just ignored!
13	09/01/2022	Station Road Oakworth	20	All day and night	Road humps across width of road
12	09/01/2022	Oakworth Toad	30	12 am to 4am	Use of mobile speed cameras when the speeding occurs and not during the day when law abiding motorists are used as a cash cow for increasing council and government revenue
11	09/01/2022	Oakworth Road and Keighley Road.	30	Every day and All day.	Speed cameras up the entirety of Oakworth Road. All the way from Wheathead Lane to Oakworth Village.
10	09/01/2022	Providence Lane Oakworth	30	Morning and evening	Currently at the moment there are flashing speed limits, these should be replaced with speed cameras as no one takes any notice of these anymore

9	09/01/2022	Ebor Lane		No particular time	The road is very narrow and as it is a short cut it has a high volume of cars going in both directions. Now there is the new Skipton properties estate the volume has even further increased. Cars speed round the narrow bendy road. As well as cars it has a lot of walkers, which is surprising due to the dangerous nature of the road. I really think that the road should be made one way, this would reduce the volume of cars (will only be used as a short cut one way) and will make it much safer for pedestrians.
8	09/01/2022	Keighley rd	30	All the time day and night	Speed cameras applied from Exley head all way to top of providence lane. Also slow / stop sign painted on the mini roundabout at the bottom of lidget / top of station road in oakworth
7	09/01/2022	Station Road, Oakworth	20	All the time but particularly dangerous at school times when cars park both sides meaning it's only a single track.	Mobile speed cameras or SID that works all the time
6	09/01/2022	Holme House Lane	40	All day as its used as a rat run link to and from oakworth	SID or cameras
5	09/01/2022	Westburn Avenue by Nessfield School	30	School times and evening	Bumps
4	09/01/2022	Providence lane	30	No	
3	09/01/2022	Lidget, Oakworth	20	Constant	Speed camera
2	09/01/2022	Lidget Oakworth BD22	20	Day and Night, school time is horrendous, too little late is our fear	Speed bumps all the way
1	09/01/2022	Bogthorn between Ingrow Lane / Oakworth	30	Morning and Evening	Speed Cameras

REPORT FROM: ASSISTANT TOWN CLERK

TO: WATCH & TRANSPORT COMMITTEE

DATE: 5 SEPTEMBER 2022

Report Author: Pip Gibson

Tel No: 01535 872126

Email: joe.cooney@keighley.gov.uk

**PROGRESS REPORT ON DECISIONS TAKEN AT THE
WATCH & TRANSPORT COMMITTEE MEETING
DATED 6 JUNE 2022**

Item No	Committee Decision	Update
1.	009/2022 (WT) CCTV Members deferred the decision to allocate £6,000 funding for the maintenance of all CCTV cameras in 22/23 to the next meeting.	Item on the Agenda.
2.	010/2022 (WT) Speeding Action Plan That the timescale for completion to increase the number of SIDs be amended to December 2022	Speeding Action Plan amended.
3.	010/2022 (WT) Speeding Action Plan Members gave delegated authority for the Assistant Town Clerk to work in partnership with Bradford Road Safety team to develop a road safety campaign.	Update on the Agenda.
4.	011/2022 (WT) Grit Bin Members chose to adopt the two grit bins at Enfield Street/ Belgrave Road and Devonshire Street by the old phone box, if they are in good order.	Both bins have been adopted.

5.	<p>011/2022 (WT) Grit Bin</p> <p>Members asked that the grit bin be moved from Woodville Road to the bottom of View Road.</p>	Grit bin will be moved to the new location at the first fill, Winter 2022/23.
6.	<p>011/2022 (WT) Grit Bin</p> <p>Members asked that a new grit bin be placed at Belgrave Road by the park gates if it meets with the criteria of the Grit Bin Policy.</p>	Site does not meet the criteria of the Grit Bin Policy.
7.	<p>013/2022 (WT) Future Items</p> <ul style="list-style-type: none"> • Grit Bins • Speeding at Fell Lane & Westburn • BMDC Highways Report as a standard item on the agenda items for future meetings. 	All items are on the Agenda.

KEIGHLEY TOWN COUNCIL

Item 11

REPORT TO THE WATCH & TRANSPORT COMMITTEE

REPORT AUTHOR	Responsible Financial Officer (RFO) Peter Clarke
EMAIL	peter.clarke@keighley.gov.uk
Date	Wednesday 5 September 2022

SUBJECT	Qtr 2 Finance Position Statement for 2022-23
----------------	---

PURPOSE:

1. This report provides Members with an update on the financial position of the Watch & Transport Committee for 2022-23. It outlines the revenue budget and financial position based on information at the end of August 2022.

RECOMMENDATIONS:

2. That the report is noted.

REASONS FOR RECOMMENDATION:

3. The report is to update the Committee.

INTRODUCTION:

4. This report is the first monitoring report presented to Members of the Watch & Transport Committee on the Committee's 2022-23 budget. It provides the forecast revenue and capital financial position of the Committee at the 31st March 2023.
5. This report gives details of expenditure by budget heading and makes note of significant variances.

EARMARKED RESERVES:

6. The Council has allocated the following Earmarked which fall under the remit of the Watch & Transport Committee. The Committee is able to draw down on these Earmarked Reserves for the purposes specified.
7. The Earmarked Reserves are as follows:

	Total Ear. Reserve £000	Total Draw Down £000	Remaining Amount £000
CCTV Devonshire Park	7	-	7
CCTV Long Lee	6	-	6
CCTV Mobile	6	-	6
Total Cost	19	-	19

8. The above reserves will remain until the amount is drawn down or the Council resolves to return the reserve to the General Fund.

BUDGET:

9. The total budget for the committee is £21k.
10. Since the 1st April 2022 the committee has spent none of that budget.
11. The committee has also committed to £4k worth of expenditure with regards to the grit bin maintenance contract.
12. The committee's remaining revenue budget is £17k.

	Total Budget £000	Total Spent £000	Remaining £000
Yearly Grit	2	-	2
10 New Grit Bins	1	-	1
Grit Bin Maintenance Contract	4	-	4
New Speed Indicator Device	3	-	3
SID Maintenance	2	-	2
Speeding Action Plan	3	-	3
Boundary Signs Maintenance	-	-	-
Additional Mobile CCTV	6	-	6
Total Cost	21	-	21

KEIGHLEY TOWN COUNCIL

Item 12

REPORT TO WATCH & TRANSPORT COMMITTEE

REPORT AUTHOR	Assistant Town Clerk Pip Gibson
EMAIL	pip.gibson@keighley.gov.uk
Date	Monday 5 Sept 2022

SUBJECT	CCTV Update
----------------	--------------------

PURPOSE:

1. To update members on the latest progress for the provision of a permanent CCTV camera at Long Lee.
2. To update members of progress with the Mobile CCTV Scheme.
3. To update members of progress with the Devonshire Park CCTV.

RECOMMENDATION(s):

4. Members note the update on the Long Lee CCTV.
5. Members note the update on the Mobile CCTV Scheme.
6. Members note the update on the Devonshire Park CCTV.
7. Members re-allocate the £6,000 funding for the continuation of the mobile camera project to the "maintenance of all CCTV" in the budget for 22/23.

REASONS FOR RECOMMENDATION:

8. To provide oversight of the Council's CCTV projects.

SUMMARY OF KEY POINTS:

Long Lee CCTV Camera

9. In the previous financial year, the committee allocated £6,000 towards a permanent camera being sited on Long Lee Lane. This amount has been earmarked across for the financial year 22/23.

10. The camera has been installed at Long Lee and is monitored by Bradford Council. The Council has been verbally informed that the cost of the camera, its installation and monitoring will now be at Bradford Council's expense. However, any maintenance, repair or upgrade of the camera would be at the Town Council's expense.
11. At the time of writing, a formal Service Level Agreement has not been received from Bradford Council.

Mobile CCTV Scheme

12. The second part of the committee's CCTV project was the creation of a Mobile CCTV Scheme that could be used to erect temporary CCTV in hotspot areas for Anti-Social behaviour, fly-tipping etc.
13. The previous Committee allocated £6,000 in the 22/23 budget for the "continuation of the mobile camera project if it was set up in 2021/22".
14. To date no further communication regarding the Mobile CCTV request has been received.
15. The Town Council received a verbal update advising that Bradford were engaged in setting up provision of its own mobile camera for the Keighley constituency.

Devonshire Park

16. At its meeting on 7 March 2022, the Committee gave delegated authority to the Assistant Town Clerk/CDO to request that an amount for a CCTV camera for Devonshire Park be ear marked to the 2022/23 budget from the 2021/22 budget.
17. £7,000 was earmarked across from the 21/22 budget to 22/23 budget for the installation of a CCTV camera at Devonshire Park.
18. The Chair and Vice-Chair held a site visit at Devonshire Park with the CCTV Control Room Manager from Bradford Council to look at issues relating to power and lighting.
19. It was agreed that the Officer would attend this Committee meeting to discuss options and viability of installing the camera at Devonshire Park.

FINANCIAL IMPLICATIONS AND BUDGET PROVISION:

20. A total of £19,000 has been earmarked into the committee budget for 2022/23 to deliver the CCTV schemes.

TOWN PLAN IMPLICATIONS:

21. Meets the Town Plan Key Objectives: CP016

CLIMATE CHANGE IMPLICATIONS:

22. N/A.

POLICY IMPLICATIONS:

23. N/A.

DETAILS OF CONSULTATION:

KEIGHLEY TOWN COUNCIL

Item 13

REPORT TO WATCH & TRANSPORT COMMITTEE

REPORT AUTHOR	Pip Gibson Assistant Town Clerk/CDO
EMAIL	pip.gibson@keighley.gov.uk
Date	Monday 5 September 2022

SUBJECT	Grit Bin Report
----------------	------------------------

PURPOSE

1. To effectively manage the Town Council's grit bin provision.

RECOMMENDATION(s):

2. Members approve the updated contract with the current supplier.
3. Members give the Assistant Town Clerk the delegated authority to allocate spend of up to £8,000 from the Watch & Transport budget on the grit bin contract, grit and grit bin purchases.
4. Members note the updates on the allocation of grit bins across the Parish.

REASONS FOR RECOMMENDATION:

5. To effectively manage the Town Council's grit bin provision.

SUMMARY OF KEY POINTS:

6. The contract, Appendix A, quotes £2,490 for 3 x grit bin refills across the Winter period 2022/23. This is based on 95 grit bins per fill.
7. Ad hoc refills would incur an additional charge of £40 per fill. An ad-hoc fill would occur inbetween main refills at residents request.
8. The cost for 20 tonnes of grit is £1282. The estimate for 3 x 95 grit bin fills would be approx. 60 tonnes of grit. Total cost £3,846. The Council has 4 tonnes of grit in storage.

9. There are 5 grit bins in storage. The cost of a new grit bin is approximately £100.
10. Appendix A shows the location of grit bins across the Parish.
11. The grit bin at Woodville Road will be moved to the bottom of View Road when the first refill occurs, as per Members decision at the last meeting.
12. Members asked that a new grit bin be placed at Belgrave Road by the park if it met with the criteria of the Grit Bin Policy. Unfortunately, that site did not meet with the Policy.

FINANCIAL IMPLICATIONS AND BUDGET PROVISION:

13. The cost of the contract and purchase of grit/grit bins would be met from the Watch & Transport budget.

TOWN PLAN IMPLICATIONS:

14. Meets with Town Plan Key Objectives: CP016 & DLE017

CLIMATE CHANGE IMPLICATIONS:

15. N/A

POLICY IMPLICATIONS:

16. N/A

DETAILS OF CONSULTATION:

17. N/A

CONTRACT FOR SERVICES

THIS AGREEMENT is made on -----

AND IS MADE BETWEEN:

Keighley Town Council whose registered office is at Civic Centre, North Street, Keighley, BD21 3RZ ('the Council'); and

Steve Thorpe & Son Gardening Ltd of 50 Prince Street, Haworth, BD22 8JD ('the Contractor')

1. Definitions

In this Agreement the following terms and phrases shall have the following meaning unless the context requires otherwise:

Commencement Date **1st November 2022**

Services The services to be performed by the Contractor during his or her appointment hereunder as set out in the Schedule to this Agreement, such services to be provided using reasonable skill and care

Termination Date The date on which the Contractor's appointment hereunder is terminated

Data Protection Legislation Means the Data Protection Act 2018 which incorporates the GDPR

2. Appointment

With effect from the Commencement Date, the Contractor is (subject to Clause 9) appointed as a Contractor to the Council for a period of 12 Month to carry out the maintenance and restocking of 95 Grit bins within the Keighley Boundary.

3. Duties

The Contractor agrees:

- 3.1 To undertake and provide the Services in accordance with any brief and deadline set by the Council.
- 3.2 To manage and carry out the Services in an expert and diligent manner and to provide his services to the best of his financial accountancy, commercial, technical, and creative skill.
- 3.3 To the best of his ability, promptly and faithfully to comply with and observe all lawful and proper requests which may from time to time be given to him by the Council.

- 3.4 Not to undertake any additional activities or accept other engagements which lead or might lead to any conflict of interest between the Contractor and the best interests of the Council during his or her appointment.
- 3.5 To delegate performance of his Services to such suitably qualified and experienced personnel as he or she may from time to time deem appropriate if he is unable at any time to perform his services due to circumstances beyond his or her control;
- 3.6 To keep the Council informed of progress on the Services in which they are engaged and shall produce written reports on the same from time to time when so requested by the Council. While the Contractor's method of working is entirely their own and they are not subject to the control of the Council, they shall nevertheless comply with this and any other reasonable requests of the Council (or its clients).

4. Fee

- 4.1 Fees for the Services will be as follows: £2,490.00 Includes Storage
- 4.2 Ad hoc replenishment will be at £40.00 per Bin
- 4.2 Storage of Grit £450 up to 4 ton
- 4.2 Where necessary, VAT will be added at the appropriate rate.

5. Invoices and Payment

Unless specifically agreed otherwise, invoices will be submitted monthly by the Contractor and payment made within 14 days. In the event that there are periods when there are no Services for the Contractor to perform, the Contractor shall not be paid a retainer for these periods. The fee is only payable in respect of Services actually provided.

6. Expenses

The Contractor shall be entitled to be reimbursed by the Council for all out of pocket expenses wholly, exclusively and properly incurred in the performance of the Services subject to the Contractor providing the Council with vouchers, receipts or other evidence of actual payment of such expenses and subject to the arrangement being specifically agreed in advance by the Council to the Contractor.

7. Confidentiality

- 7.1 The Contractor hereby agrees that during the course of his or her appointment under this Agreement he or she is likely to obtain knowledge of trade secrets and also other confidential information with regard to the business and financial affairs of the Council and those of the Council's clients, customers and suppliers details of which are not in the public domain ('Confidential Information'), (including in particular (specify relevant matters)) and accordingly the Contractor hereby undertakes to and covenants with the Council that:

- 7.1.1 he or she shall not at any time after the Termination Date use or procure the use of the name of the Council in connection with his or her own or any other name in any way calculated to suggest that he or she continues to be connected with the business of the Council or in any way hold himself or herself out as having such connection;

- 7.1.2 he or she shall not use the Confidential Information other than during the continuance of this Agreement and in connection with the provision of the

Contractor Services; and

7.1.3 he or she shall not at any time after the date of this Agreement (save as required by law) disclose or divulge to any person other than to officers or employees of the Council whose province it is to know the same any Confidential Information and he or she shall use his or her best endeavors to prevent the publication or disclosure of any Confidential Information by any other person.

7.2 The restrictions set out in Clause 7.1 shall cease to apply to information or knowledge which comes into the public domain otherwise than by reason of the default of the Contractor.

8. The Council's Property

Upon the expiration or termination of his or her appointment under this Agreement for whatsoever cause, the Contractor shall forthwith deliver up to the Council or its authorised representative all its property, including all equipment, materials, tools, keys, swipe cards, credit cards, computer hardware and/or software, books, documents, account records and any other papers which may be in his or her possession, custody or control and which are the property of the Council or which otherwise relate in any way to the business or affairs of the Council and no copies of the same or any part thereof shall be retained by him or her. He or she shall then (if required by the Council) make a declaration that the whole of the provisions of this clause have been complied with.

9. Termination of Agreement

Either party shall have the right at any time to terminate this Agreement by not less than one weeks' notice in writing to the other party. In addition, the Council shall have the right to terminate this Agreement at any time by summary notice without any payment in lieu in the event of the Contractor:

- 9.1 Being in material or persistent breach of any of the terms of this Agreement.
- 9.2 Dying or becoming by reason of incapacity incapable of managing their affairs.
- 9.3 Having a bankruptcy order made against him or her or making any arrangement with his or her creditors or having an interim order made against him or her.
- 9.4 Being convicted of any criminal offence other than a minor driving offence under the Road Traffic Acts.
- 9.5 Persistently and willfully neglecting or becoming incapable for any reason of efficiently performing the Contractor's Services; or
- 9.6 Doing any action manifestly prejudicial to the interests of the Council or which in the opinion of the Board may bring the Council into disrepute.

and the Contractor shall have no claim against the Council in respect of the termination of his or her appointment for any of the reasons specified pursuant to Clauses 9.1 to 9.6.

10. Tax Liabilities

The Council and the Contractor declare and confirm that it is the intention of the parties that the Contractor shall have the status of a self-employed person and shall be responsible for all income tax liabilities and national insurance or similar contributions in respect of his or her fees and accordingly the Contractor hereby agrees to indemnify the Council in respect of any claims that may be made by the relevant authorities against the Council in respect of income tax and national insurance or similar contributions relating to the Services under this Agreement.

11. Indemnity

The Contractor further warrants to the Council that they will:

- 11.1 Take out and maintain throughout the term of this Agreement, adequate insurance with an insurance office of repute to protect themselves against any liabilities arising out of this Agreement and shall produce, at the request of the Council, a copy of the insurance policy or policies and relevant renewal receipts for inspection by the Council within 14 days of the commencement date;
- 11.2 Take out and maintain throughout the term of this Agreement, adequate liability insurance coverage (minimum £5 million cover) with an insurance office of repute to protect themselves against any liabilities arising out of this Agreement in respect of all and any contractors/employees they utilise to carry out the Services and shall produce, at the request of the Council, a copy of the insurance policy or policies and relevant renewal receipts for inspection by the Council.

12. Data Protection and Data Processing

12.1 Both parties will comply with all applicable requirements of the Data Protection Legislation. This Clause 12 is in addition to, and does not relieve, remove, or replace, a party's obligations under the Data Protection Legislation.

In this Clause 12 Applicable Laws means (for so long as and to the extent that they apply to the Contractor) the law of the European Union, the law of any member state of the European Union and/or Domestic UK Law; and Domestic UK Law means the UK Data Protection Legislation and any other law that applies in the UK.

12.2 The parties acknowledge that for the purposes of the Data Protection Legislation, the Council is the data controller and the Contractor is the data processor (where Data Controller and Data Processor have the meanings as defined in the Data Protection Legislation).

- a) Ensure that it has in place appropriate technical and organisational measures, reviewed and approved by the Council, to protect against unauthorised or unlawful processing of Personal Data and against accidental loss or destruction of, or damage to, Personal Data, appropriate to the harm that might result from the unauthorised or unlawful processing or accidental loss, destruction or damage and the nature of the data to be protected, having regard to the state of technological development and the cost of implementing any measures (those measures may include, where appropriate, pseudonymising and encrypting Personal Data, ensuring confidentiality, integrity, availability and resilience of its systems and services, ensuring that availability of and access to Personal Data can be restored in a timely manner after an incident, and regularly assessing and evaluating the effectiveness of the technical and organisational measures adopted by it);
- b) Ensure that all personnel who have access to and/or process Personal Data are obliged to keep

the Personal Data confidential; and

- c) Not transfer any Personal Data outside of the European Economic Area unless the prior written consent of the Council has been obtained and the following conditions are fulfilled:
- (i) The Council or the Contractor has provided appropriate safeguards in relation to the transfer.
 - (ii) The Data Subject (as defined in the Data Protection Legislation) has enforceable rights and effective legal remedies.
 - (iii) The Contractor complies with its obligations under the Data Protection Legislation by providing an adequate level of protection to any Personal Data that is transferred; and
 - (iv) The Contractor complies with reasonable instructions notified to it in advance by the Council with respect to the processing of the Personal Data.

13. Notices

All notices shall be in writing and shall be deemed to have been duly given when delivered by hand, posted by pre-paid first class post to the intended recipient at the address stated in this Agreement or to such other address as that party may specify to the other in writing. Notices sent by fax shall be deemed received the first business day following such delivery of sending, and notices which have been posted as above shall be deemed received on the second business day following posting. Notices given by the Council shall be deemed properly served on the Contractor.

14. No Employment

Nothing in this Agreement shall render or be deemed to render the Contractor an employee or agent of the Council. This Agreement does not create any mutuality of obligation between the Contractor and the Council.

15. Entire Agreement

This Agreement contains the entire agreement and understanding of the parties relating to the subject matter of this Agreement and extinguishes all previous agreements, promises, assurances, warranties, representations, and understandings between the parties, whether written or oral.

16 Force Majeure

- 16.1 If either party to this Agreement is prevented or delayed in the performance of any of its respective obligations under this Agreement by “force majeure”, then such party shall be excused the performance for so long as such cause of prevention or delay shall continue;
- 16.2 For the purpose of this Agreement ‘force majeure’ shall be deemed to be any cause affecting the performance of this Agreement arising from or attributable to acts, events, omissions or accidents beyond the reasonable control of such party and inter alia including, but not limited to the following:
- 16.2.1 Strikes, lockouts, or other industrial action.
 - 16.2.2 Terrorism, civil commotion, riot, invasion, war threat or preparation for war.
 - 16.2.3 Fire, explosion, storm, flood, earthquake, subsidence, epidemic, bad weather or other natural physical disaster.
 - 16.2.4 Impossibility of the use of railways, shipping, aircraft, motor transport or other means of public or private transport; and

16.2.5 Political interference with the normal operations.

17. Survival of Causes of Action

The termination of this Agreement howsoever occurring shall not affect the rights and liabilities of the parties already accrued at such time nor affect the continuance in force of such of its provisions as are expressed as or capable of having effect after such termination.

18. Severability

If any provision of this Agreement is held invalid, illegal or unenforceable for any reason by any Court of competent jurisdiction, such provision shall be severed and the remainder of the provisions of this Agreement shall continue in full force and effect as if this Agreement had been executed with the illegal or unenforceable provision eliminated.

19. Waiver

19.1 Failure of any party to insist upon strict performance of any provision of this Agreement or the failure of any party to exercise any right or remedy to which he or she is entitled hereunder shall not constitute a waiver thereof and shall not cause a diminution of the obligations under this Agreement.

19.2 No waiver of any of the provisions of this Agreement shall be effective unless it is expressly stated to be such and signed by all the parties to this Agreement.

20. Communications

Any communication to be given pursuant to the terms of this Agreement shall be in writing and shall be delivered by hand or sent by post to the address of the addressee as set out in this Agreement or such other address (being in Great Britain) as the addressee may from time to time have notified for the purpose of this Clause.

21. Law and Jurisdiction

This Agreement is governed by the laws of England and Wales and the parties submit to the jurisdiction of the Courts of England and Wales.

KEIGHLEY TOWN COUNCIL

Item 14

REPORT TO WATCH & TRANSPORT COMMITTEE

REPORT AUTHOR	Assistant Town Clerk/CDO Pip Gibson
EMAIL	pip.gibson@keighley.gov.uk
Date	Monday 5 September 2022

SUBJECT	Boundary Signs
----------------	-----------------------

PURPOSE:

1. To seek members approval of the updated contract for Boundary Signs maintenance.

RECOMMENDATION(s):

2. Members approve the contract outlined in Appendix A.

REASONS FOR RECOMMENDATION:

3. To effectively manage Council assets.

SUMMARY OF KEY POINTS:

4. The Town Council have 22 boundary signs across Keighley on the public highways.
5. Watch & Transport Committee approved an annual Boundary Signs maintenance regime at their meeting 6 September 2021.
6. The proposed maintenance regime consists of an annual inspection/ clean, with a report on the condition of each sign being provided to the council which could then be used to inform the committee on any replacements/repairs that may require financing.
7. Appendix A provides details of an updated contract with the current supplier.

FINANCIAL IMPLICATIONS AND BUDGET PROVISION:

8. A cost of £176 will be used from the Watch & Transport budget if this contractor is approved.

TOWN PLAN IMPLICATIONS:

9. Meets the Town Plan Key Objectives: CP016

CLIMATE CHANGE IMPLICATIONS:

10. N/A.

POLICY IMPLICATIONS:

11. N/A.

DETAILS OF CONSULTATION:

12. N/A.

BACKGROUND PAPERS:

13. Appendix A – Boundary Sign Maintenance Contract

CONTRACT FOR SERVICES

THIS AGREEMENT is made on

AND IS MADE BETWEEN:

Keighley Town Council whose registered office is at Civic Centre, North Street, Keighley, BD21 3RZ ('the Council'); and

Steve Thorpe & Son Gardening 50 Prince Street, Haworth, BD22 8JD. ('the Contractor')

1. Definitions

In this Agreement the following terms and phrases shall have the following meaning unless the context requires otherwise:

Commencement Date **1st November 2022**

Services The services to be performed by the Contractor in the course of his or her appointment hereunder as set out in the Schedule to this Agreement, such services to be provided using reasonable skill and care

Termination Date The date on which the Contractor's appointment hereunder is terminated

Data Protection Legislation Means the Data Protection Act 2018 which incorporates the GDPR

2. Appointment

With effect from the Commencement Date, the Contractor is (subject to Clause 9) appointed as a Contractor to the Council for a period of 12 Month to carry out the maintenance of The Town Council Boundary Signs.

3. Duties

The Contractor agrees:

- 3.1 To undertake and provide the Services in accordance with any brief and deadline set by the Council.
- 3.2 To manage and carry out the Services in an expert and diligent manner and to provide his services to the best of his financial accountancy, commercial, technical, and creative skill.
- 3.3 To the best of his ability, promptly and faithfully to comply with and observe all lawful and proper requests which may from time to time be given to him by the Council.

- 3.4 Not to undertake any additional activities or accept other engagements which lead or might lead to any conflict of interest between the Contractor and the best interests of the Council during his or her appointment.
- 3.5 To delegate performance of his Services to such suitably qualified and experienced personnel as he or she may from time to time deem appropriate if he is unable at any time to perform his services due to circumstances beyond his or her control;
- 3.6 To keep the Council informed of progress on the Services in which they are engaged and shall produce written reports on the same from time to time when so requested by the Council. While the Contractor's method of working is entirely their own and they are not subject to the control of the Council, they shall nevertheless comply with this and any other reasonable requests of the Council (or its clients).

4. Fee

- 4.1 Fees for the Services will be as follows: £176.00
- 4.2 Where necessary, VAT will be added at the appropriate rate.

5. Invoices and Payment

Unless specifically agreed otherwise, invoices will be submitted monthly by the Contractor and payment made within 14 days. In the event that there are periods when there are no Services for the Contractor to perform, the Contractor shall not be paid a retainer for these periods. The fee is only payable in respect of Services actually provided.

6. Expenses

The Contractor shall be entitled to be reimbursed by the Council for all out of pocket expenses wholly, exclusively and properly incurred in the performance of the Services subject to the Contractor providing the Council with vouchers, receipts or other evidence of actual payment of such expenses and subject to the arrangement being specifically agreed in advance by the Council to the Contractor.

7. Confidentiality

- 7.1 The Contractor hereby agrees that during the course of his or her appointment under this Agreement he or she is likely to obtain knowledge of trade secrets and also other confidential information with regard to the business and financial affairs of the Council and those of the Council's clients, customers and suppliers details of which are not in the public domain ('Confidential Information'), (including in particular (specify relevant matters)) and accordingly the Contractor hereby undertakes to and covenants with the Council that:

- 7.1.1 he or she shall not at any time after the Termination Date use or procure the use of the name of the Council in connection with his or her own or any other name in any way calculated to suggest that he or she continues to be connected with the business of the Council or in any way hold himself or herself out as having such connection;

- 7.1.2 he or she shall not use the Confidential Information other than during the continuance of this Agreement and in connection with the provision of the Contractor Services; and

7.1.3 he or she shall not at any time after the date of this Agreement (save as required by law) disclose or divulge to any person other than to officers or employees of the Council whose province it is to know the same any Confidential Information and he or she shall use his or her best endeavors to prevent the publication or disclosure of any Confidential Information by any other person.

7.2 The restrictions set out in Clause 7.1 shall cease to apply to information or knowledge which comes into the public domain otherwise than by reason of the default of the Contractor.

8. The Council's Property

Upon the expiration or termination of his or her appointment under this Agreement for whatsoever cause, the Contractor shall forthwith deliver up to the Council or its authorised representative all its property, including all equipment, materials, tools, keys, swipe cards, credit cards, computer hardware and/or software, books, documents, account records and any other papers which may be in his or her possession, custody or control and which are the property of the Council or which otherwise relate in any way to the business or affairs of the Council and no copies of the same or any part thereof shall be retained by him or her. He or she shall then (if required by the Council) make a declaration that the whole of the provisions of this clause have been complied with.

9. Termination of Agreement

Either party shall have the right at any time to terminate this Agreement by not less than one weeks' notice in writing to the other party. In addition, the Council shall have the right to terminate this Agreement at any time by summary notice without any payment in lieu in the event of the Contractor:

- 9.1 Being in material or persistent breach of any of the terms of this Agreement.
- 9.2 Dying or becoming by reason of incapacity incapable of managing their affairs.
- 9.3 Having a bankruptcy order made against him or her or making any arrangement with his or her creditors or having an interim order made against him or her.
- 9.4 Being convicted of any criminal offence other than a minor driving offence under the Road Traffic Acts.
- 9.5 Persistently and willfully neglecting or becoming incapable for any reason of efficiently performing the Contractor's Services; or
- 9.6 Doing any action manifestly prejudicial to the interests of the Council or which in the opinion of the Board may bring the Council into disrepute.

and the Contractor shall have no claim against the Council in respect of the termination of his or her appointment for any of the reasons specified pursuant to Clauses 9.1 to 9.6.

10. Tax Liabilities

The Council and the Contractor declare and confirm that it is the intention of the parties that the Contractor shall have the status of a self-employed person and shall be responsible for all income tax liabilities and national insurance or similar contributions in respect of his or her fees and accordingly the Contractor hereby agrees to indemnify the Council in respect of any claims that may be made by the relevant authorities against the Council in respect of income tax and national insurance or similar contributions relating to the Services under this Agreement.

11. Indemnity

The Contractor further warrants to the Council that they will:

- 11.1 Take out and maintain throughout the term of this Agreement, adequate insurance with an insurance office of repute to protect themselves against any liabilities arising out of this Agreement and shall produce, at the request of the Council, a copy of the insurance policy or policies and relevant renewal receipts for inspection by the Council within 14 days of the commencement date;
- 11.2 Take out and maintain throughout the term of this Agreement, adequate liability insurance coverage (minimum £5 million cover) with an insurance office of repute to protect themselves against any liabilities arising out of this Agreement in respect of all and any contractors/employees they utilise to carry out the Services and shall produce, at the request of the Council, a copy of the insurance policy or policies and relevant renewal receipts for inspection by the Council.

12. Data Protection and Data Processing

12.1 Both parties will comply with all applicable requirements of the Data Protection Legislation. This Clause 12 is in addition to, and does not relieve, remove, or replace, a party's obligations under the Data Protection Legislation.

In this Clause 12 Applicable Laws means (for so long as and to the extent that they apply to the Contractor) the law of the European Union, the law of any member state of the European Union and/or Domestic UK Law; and Domestic UK Law means the UK Data Protection Legislation and any other law that applies in the UK.

12.2 The parties acknowledge that for the purposes of the Data Protection Legislation, the Council is the data controller and the Contractor is the data processor (where Data Controller and Data Processor have the meanings as defined in the Data Protection Legislation).

- a) Ensure that it has in place appropriate technical and organisational measures, reviewed and approved by the Council, to protect against unauthorised or unlawful processing of Personal Data and against accidental loss or destruction of, or damage to, Personal Data, appropriate to the harm that might result from the unauthorised or unlawful processing or accidental loss, destruction or damage and the nature of the data to be protected, having regard to the state of technological development and the cost of implementing any measures (those measures may include, where appropriate, pseudonymising and encrypting Personal Data, ensuring confidentiality, integrity, availability and resilience of its systems and services, ensuring that availability of and access to Personal Data can be restored in a timely manner after an incident, and regularly assessing and evaluating the effectiveness of the technical and organisational measures adopted by it);
- b) Ensure that all personnel who have access to and/or process Personal Data are obliged to keep the Personal Data confidential; and

c) Not transfer any Personal Data outside of the European Economic Area unless the prior written consent of the Council has been obtained and the following conditions are fulfilled:

- (i) The Council or the Contractor has provided appropriate safeguards in relation to the transfer.
- (ii) The Data Subject (as defined in the Data Protection Legislation) has enforceable rights and effective legal remedies.
- (iii) The Contractor complies with its obligations under the Data Protection Legislation by providing an adequate level of protection to any Personal Data that is transferred; and
- (iv) The Contractor complies with reasonable instructions notified to it in advance by the Council with respect to the processing of the Personal Data.

13. Notices

All notices shall be in writing and shall be deemed to have been duly given when delivered by hand, posted by pre-paid first class post to the intended recipient at the address stated in this Agreement or to such other address as that party may specify to the other in writing. Notices sent by fax shall be deemed received the first business day following such delivery of sending, and notices which have been posted as above shall be deemed received on the second business day following posting. Notices given by the Council shall be deemed properly served on the Contractor.

14. No Employment

Nothing in this Agreement shall render or be deemed to render the Contractor an employee or agent of the Council. This Agreement does not create any mutuality of obligation between the Contractor and the Council.

15. Entire Agreement

This Agreement contains the entire agreement and understanding of the parties relating to the subject matter of this Agreement and extinguishes all previous agreements, promises, assurances, warranties, representations, and understandings between the parties, whether written or oral.

16 Force Majeure

- 16.1 If either party to this Agreement is prevented or delayed in the performance of any of its respective obligations under this Agreement by "force majeure", then such party shall be excused the performance for so long as such cause of prevention or delay shall continue;
- 16.2 For the purpose of this Agreement 'force majeure' shall be deemed to be any cause affecting the performance of this Agreement arising from or attributable to acts, events, omissions or accidents beyond the reasonable control of such party and inter alia including, but not limited to the following:
 - 16.2.1 Strikes, lockouts, or other industrial action.
 - 16.2.2 Terrorism, civil commotion, riot, invasion, war threat or preparation for war.
 - 16.2.3 Fire, explosion, storm, flood, earthquake, subsidence, epidemic, bad weather or other natural physical disaster.
 - 16.2.4 Impossibility of the use of railways, shipping, aircraft, motor transport or other means of public or private transport; and

16.2.5 Political interference with the normal operations.

17. Survival of Causes of Action

The termination of this Agreement howsoever occurring shall not affect the rights and liabilities of the parties already accrued at such time nor affect the continuance in force of such of its provisions as are expressed as or capable of having effect after such termination.

18. Severability

If any provision of this Agreement is held invalid, illegal or unenforceable for any reason by any Court of competent jurisdiction, such provision shall be severed and the remainder of the provisions of this Agreement shall continue in full force and effect as if this Agreement had been executed with the illegal or unenforceable provision eliminated.

19. Waiver

19.1 Failure of any party to insist upon strict performance of any provision of this Agreement or the failure of any party to exercise any right or remedy to which he or she is entitled hereunder shall not constitute a waiver thereof and shall not cause a diminution of the obligations under this Agreement.

19.2 No waiver of any of the provisions of this Agreement shall be effective unless it is expressly stated to be such and signed by all the parties to this Agreement.

20. Communications

Any communication to be given pursuant to the terms of this Agreement shall be in writing and shall be delivered by hand or sent by post to the address of the addressee as set out in this Agreement or such other address (being in Great Britain) as the addressee may from time to time have notified for the purpose of this Clause.

21. Law and Jurisdiction

This Agreement is governed by the laws of England and Wales and the parties submit to the jurisdiction of the Courts of England and Wales.

KEIGHLEY TOWN COUNCIL

Item 15

REPORT ON TOWN PLAN PROGRESS

REPORT AUTHOR	Pip Gibson Assistant Town Clerk/CDO
EMAIL	pip.gibson@keighley.gov.uk
Date	Monday 5 September 2022

SUBJECT	TOWN PLAN REPORT
----------------	-------------------------

PURPOSE:

1. To inform Members of the progress made towards the Town Plan Key Objectives.

RECOMMENDATION(s):

2. That Members choose a third representative from the Committee to attend the Town Plan Steering Group meeting in the absence of the Chair or Vice Chair.
3. That Members use this information to make decisions and allocate funding where applicable with specific reference to the Committee's areas of responsibility within the Town Plan.

REASONS FOR RECOMMENDATION:

4. The Council is responsible for the delivery of the Town Plan, either through the implementation of its own projects and activities, individually, in partnership with key service providers or by commissioning projects and services from third party organisations, groups and individuals.

SUMMARY OF KEY POINTS:

5. Forthcoming Town Plan Steering Group meeting dates: 21 September 2022, 14 December 2022 and 1 March 2023.
6. The Town Plan 2020-23 sets out the Council's aims and objectives over a 3-year period. This year will see the final year of the Plan.
7. The Town Plan Steering Group meets quarterly to develop and monitor a general strategic approach and champion the Town Plan's vision and objectives.

8. It is important that all Members are involved in the delivery of the Town Plan.
9. Chairs of Committees are asked to add to the Town Plan proposed Actions for their respective Committees in advance of the Town Plan Steering Group meetings.
10. It is the responsibility of the Chair of each Committee to attend the Town Plan Steering Group and to share this Committee's progress. If the Chair cannot attend, he/she must arrange for the Vice Chair or elected third Member of the Committee to attend.
11. The Chair of each Committee will share the discussion had at each Town Plan Steering Group meeting with Members of their Committee at their next meeting.
12. The Key Objectives, attached as Appendix A, detail the responsibilities of this Committee over the life of the Plan.

FINANCIAL IMPLICATIONS AND BUDGET PROVISION:

13. With the exception of staffing and essential running costs, all other Council funding including Committee Budgets should be allocated with reference to Town Plan Objectives.

TOWN PLAN IMPLICATIONS:

14. All decisions should be made with direct reference to the Town Plan.

CLIMATE CHANGE IMPLICATIONS:

15. Wherever appropriate climate change considerations are factored into all activities implemented with reference to the Town Plan.

POLICY IMPLICATIONS:

16. There are no new policy implications arising from this report.

DETAILS OF CONSULTATION:

17. In some circumstances consultations may have taken place.

BACKGROUND PAPERS:

18. Town Plan.
